

Student Appreciation and Class Survey Summary

Thank you!

Hello Dr. Kaufman!

I just submitted my Final Writing Assignment, marking the completion of this wonderful class! I tend to feel less connected to my peers and teachers over online classes so I just wanted to personally reach out and express my gratitude to you!

Ethnic Voices was such an incredibly enjoyable, relaxed, and educational literature class! I truly love the themes explored, stories read, and discussion boards. This curriculum was just a blast!

Thank you so much for always providing kind yet constructive feedback on every writing assignment! As a student, it makes a huge difference in my engagement with the online class and my enthusiasm to participate! You are truly such an incredible teacher which I imagine can not be easy through the screen!

Again, I absolutely loved your class and curriculum! I hope that you have a lovely rest of your summer!

Hi Dr. Kian Kaufman,

I wanted to write you a quick email saying thank you for such a great semester!

I took your course because I'm interested in returning to school to obtain my second degree in English at UCI. ENG 24 was the first literature class I've taken in a few years. I was incredibly intimidated to enroll in it but you made the semester so much fun and your Canvas structure was very well organized. I am even more confident in pursuing an English degree because of your course. Your passion for teaching and literature was apparent and inspiring for me to witness.

I'm looking forward to applying the skills I learned in your class to my future courses. Thank you again and I hope you have a great upcoming fall semester!

Best regards,

~~~~~

Hi Professor,

I just wanted to reach out and thank you for not only being a wonderful Professor, but also a very kind person.

I thoroughly enjoyed the material you provided us for the class, and the readings truly resonated with me. Each assignment pushed me to expand my literary views, and I learned a lot about a diverse range of topics.

I was also dealing with a lot of health and personal issues during this time, and I wanted to express my gratitude for your understanding and patience.

I hope that every student who takes your class knows how fortunate they are to have a Professor like you.

There is a Starbucks gift card that should have been sent to your email, please let me know if you receive it.

Once again, thank you so much.

Justina Lee

Dr. Kaufman,

I wanted to reach out and let you know that being in your class has been the best experience. You are so helpful and supportive and I don't think I would have done as well or stuck it out and completed English 1A if I wasn't in your class. I am sorry I couldn't make it in today. I am going through some really rough personal issues the last 3-4 days. I will make sure all my assignments are submitted today. I really appreciate all the support and great conversations we had this semester. Have a great summer !

Warm regards,
