## Types of surfboards brands

How do I find my next surfboard? First, you have to choose a type. There are shortboards, fish, fanboards, longboards, eggs, pods and stand-up paddleboards. Then there is the material: foam, fiberglass, balm tree, or hybrid between them. Last but not least, there is a brand of surfboard. First of all, choosing the right brand of surfboard means having a quality tool underfoot for dancing with Mother Nature curves. Knowing which brand of surfboard, however, is tough. With more than a hundred surfboard brands to choose from, how do you know you're getting the best deal? Well... That's why we're here. To help you decide your next board, we've put together the best list of surf brands. So put your feet up, take off your load, and read on to find your next branded board. **23 Best Surfboard Brands View Catch Surf – Click Here #1 Catch Surf Is Hard to Outsmart Catch Surf.** Catch Surf is a self-catering accommodation located in San Clemente. They are known as king foam surfboards because they offer high quality choppers on the market. Foam boards are traditionally used by beginners, learning to mucous. But Catch Surf is anything but traditional - their boards are used by newcomers, amateurs, an experienced veteran and even professionals. With backs such as Jamie O'Brien, Kalani Robb, Taj Burrows and tons of other professional surfers, this brand is one for books. For one of California's most epic surf brands, choose Catch Surf. View South Bay Board Co. - Click here #2 South Bay Board Co.-based from Los Angeles, California, South Bay Board Co. is a soft surfboard company specializing in budding surfboards, hybrid surfboards, stand up to paddleboards and beach accessories. It's one of the best brands for surfing for beginners, largely because of their hybrid collection. These are bards made with soft foam on top and hard wooden bottom. This will give you a performance in the wake without the consequences of falling. Most of their boards also come with a wax design at the top of the surfboard to keep your feet sticking to the surface without any wax. They have all the different board sizes you might want, so just shop through their collections and find the right one for you. View Wave Bandit - Click Here #3 Wave BanditOriginally line in Catch Surf, Wave Bandit has become a complete offshoot and formed its own company. Supported by extra-dominator surfer and hilarious YouTube personality, Ben Gravey. Mr. Gravini has been showcasing these boards for several years and depriving them of hurricane surfing to boating. Wave Bandit has four collections to choose from: Artist, Shred Sana, Easy Rider, and Shockwave. All are foam boards and come with a basic design. All edition boards Gravy comes with its branded tag pineapple head wearing sunglasses on a lime green background. Watch Wavestorm – Click here #4 WavestormEverybody knows the classic Wavestorm. These Costco boards came around the mid-2000s and rose to fame with increased interest in surfing. They typically came in 7 feet and 8 feet of boards and had blue and white lines stretching down the center. One out of every three newcomers in the water will be seen on the wave. This is one of the brands of surfboards to avoid if you want to hide the fact that you are learning. But if you don't care who knows, it's a great board for getting water confidence. They are easy to paddle, fast, and will be able to catch waves in any size or condition. Their manufacturer is AGIT-Global, and they are distributed through Costco. View BIC Sport - Click here #5 BIC SportFormed from a small town on the north side of France in Vannes, Brittany, BIC Sport has produced and shipped more than 100,000 surfboards. The company started more than 20 years ago and has partnered with top-of-the-board shapers to create its well-known lines. They cover surfers from shortboards to longboards and even a 7' egg and epoxy surfboard. Also, not that it affects the board, but we believe the BIC has one of the best brand logos for surfing and overall design. Today, Bic Sport remains a strong part of the community, sponsoring young French surf competitions so that emerging talent can emerge from France. The Kind of Softech - #6 softechSoftech is another foam surf company that keeps soft-top technology at the forefront. They have two different series of boards: their original series and series of performances. They have a great team of surfers and skaters who help influence the direction the company needs to take. These names range from King Cues to Usher Wales to Sally Fitzgibbons.If you're looking for a quality soft surfboard, Softech has a great selection of these boards. View Thurso Surf - Click here #7 Thurso SurfFor a company dedicated to stand-up paddleboarding, Thurso Surf has done its best to stand out. While they offer surfboard sizes from 5'10 Lancer to Longboard 7, there are other surfboard brands to find these boards. They are really known for their quality stand-up paddles. Four out of five paddles are inflatable, which means you can store them and take them on any trip. Inflatable paddle boards are lighter, more accessible, and great for long trips to surf. Their regular stand-up paddle is their Thurso Surf Prodigy Junior. Perfect for budding thunderers to learn paddle paths before stepping up to the real deal. View AlpenFlow - Click Here#8 and AlpenFlowAlpenFlow is a manufacturer of outdoor sports equipment. They cover snow and surf products, and they are a group of outdoor enthusiasts. Although they do not have in terms of available boards, they have a standard 7-foot, 8-foot and 8'8 styrofoam longboard. Many of their boards come with separated fins, a leash and a blunt pad. So if you want to learn how to assemble a board, this is the board for you. If you're trying to buy it and take it into the water immediately, there's probably the best brand on this list for you. View California Board Co. - Click here #9 California Board of Directors CompanyColyphoria Company has many different boards to choose from. They have stand-up paddle boards that are fiberglass, inflatable and foamy. They have skimboards, wakeboards, shortboards and longboards. Looking at their collection of shortboards, they have a soft top surfboard for sale and fiberglass boards for this surfboard that people love. Watch Storm Blade – Click here #10 Storm Bladelf you run a surf camp or just like to have some boards around for any skill level, storm blade surfboards are a great choice. Taken by tons of schools and camps across the country, these boards are perfect for ocean lovers. Their lines consist of longboards, shortboards and stand-up paddleboarders. Most of their boards come with a wide perch for easy balance and pop-up screens. They have a number of fish options as well. They have a pattern of swallow tail fish surfboards and a retro fish surfboard design. Or one will be bigger in small waves or heavier sets. View Liquid Chopper - Click here #11 LiquidLiquid liquid shredders occupy a special place in this author's heart, as it was one of the first transitional shortboards on which he got to drive. Despite any profound prejudice, these boards are phenomenal for the transition from longboards to shortboards. When surfers first transition the most they notice, it's balancing almost impossible. Liquid choppers take this into account by offering hybrid surfboards. Hybrid surfboards are some combination of foam and fiberglass. By offering a mixture between them, you still get all the stability and buoyancy benefits of a traditional foam board, with the chopping fiberglass board. For those looking for a fast, maneuverable shortboard, Liquid Shredder should be a go-to brand. View Giantex – Click here #12 GiantexGiantex is an online store that has a cheap six-foot foam surfboard. Located in the U.S. and ten countries in Europe, there's not much to be said for Giantex, except that they sell and fly a wide variety of products. Their surfboard is the main foaming iron with removable fins. It comes in red and blue, white and blue, or yellow and blue. View Hang Ten – Click here #13 Hang TenHang Ten is a well-known global surf and ice skating brand. Their brand consists of iconic fashion and they that everything they do, they try to keep in their hearts the most daring step of surfing hang a dozen. Although inspired by Surf culture, their brand doesn't really sell surfboards. They sponsor many great surfing sessions for professionals though, and sometimes that's enough to make them mistake for the surf brand.#14 BZA name that most beach and bodyboard enthusiasts know is Tom Moray. Moray is known for inventing the first body board in his backyard from the same material that surfboards used. The idea was to make a board that could delve into the barrel and hit the heart of the wave. Bobby Shaabad (BZ), was one of Moray's first team riders, and he helped make early designs. Now BZ surfboards are known for advanced, high-powered lines that bring riders the best of soft top technology. They have four boards now, each unique from the others. There's a flat back 4'7 Blackball, a 7' soft top, an 8' squash tail longboard, and a 6' Ripper soft top surfboard. View Paragon – Click here #15 paragon surfboardsFor high-quality surfboards, there are Paragon surfboards. They come with four different categories of boards: shortboards, medium, longboards and foaming. Each collection has beautifully designed boards with aesthetically pleasing works of art. Among their collection of Mini Simmons, Hobgoblins and Grovelers shortboards, they also have some retro surfboards to choose from. With a curved tail and wide perk, it has a classic surfboard shape. The 5'10 retro fish surfboard sizes come to 5'10 by 21 by 2.5. It has the width of a longboard, and it is also quite thick. This will allow you to have a manoeuvrability shortboard, with longboard resilience. Alternatively, these boards will be ideal for smaller days when shortboards can't hang.#16 ECS BoardsAye mate, ECS is here, fighting for top spot among all australian surfboard brands. With a wide selection of longboards, short boards and stand-up paddles, these collections have a board for any surfer. Their team has a solid number of riders including Harry Maskell, Dylan Henry and Hannah Finlay-Jones.One big thing about ECS Boards is the incredible designs. There's a Purple Haze, a bulldog and a modern pig to name a few. Also, if you like the design, the board comes in a variety of sizes and layout fins so you can get the perfect board for you. View Raystreak - Click here#17 RaystreakRaystreak is a surf accessories brand and kayak equipment supplier. From them you can get anything from a wax comb to a stand-up paddle-board shoulder strap to a three-piece paddle-set of kayaks. They also have a small selection of surfboards from their 8'2 Crocskin soft longboard top to their 7'2 foam funboard. They also have a novice board foam that comes with a fork at the top to release any water that hits the board. Rock-It view - here#18 as rock itRock-It surfboards are known quality of the surfboard starter for the average beginner. They are ideal for surfing schools or summer surf camps, which should provide plenty of boards for thunder and thunder that are just getting started. Their board sizes run all the way to 4'11 Chub surfboards and 5'8 Albert. With a cheerful fishtail and a classic wide nose, these boards are perfect for riding whitewashing to shore and getting used to popping into the water. While they are known for their starter boards, they also provide larger adult boards. These boards range up to 8 feet of longboards. Watch Boardworks – Click here #19 BoardworksBoardworks has been around since the early 90s and they've been trying to stay ahead of the curve in their stand-up paddles. They are one of many brands at Confluence Outdoor, a water-sports company that has roots in all different sports. Their stand-up boards are their most commonly bought product, but they all have Froth boards, a collection of shortboards, boards and longboards. Their SUPs come as inflatable or rigid and can be used for many different activities. Look at their collection to find the perfect yoga board, fishing, cruising, touring around, or riding on mother nature curls.#20 EmpireEmpire surfboards are a company based out of the UK. Although, that's pretty many things we can say about them. Their website consists of a masked man holding a beautifully formed longboard amid graffiti. If anything it makes us wonder. On their website there is a mailing list you can be part of your own one of their tips. View Fire Wire - Click here #21 Fire WireFire Wire made a big splash about a decade ago when they began boasting of the latest cutting edge in surfboard technology. Now their company is absolutely stacked with backs like Kelly Slater, Rob Machado and Timmy Reyes.In terms of technology, these boards are lighter and more durable than any other board on the market. With the base of their helium shape of only 0.8 pounds. They also have a new Woolight board that uses wool sheets instead of fiberglass. View Canal Islands - Click here#22 Canal IslandsCann Island surfboards are a group of boards designed by Al Merrick. If you don't know who it is, let's help let you know. Al Merrick was one of the most dominant and influential figures in the history of surfboard formation. When the boards were twelve feet long and made of cheap plastic, Al had other plans to lift the shortboard. Canal Island surfboards runs a gamut of possible shapes, sizes, feels, and streams. You can also create your own custom surfboard through your website. Just pick a sticker and blank and you can customize the size, settings and graphics.#23 LostOut in San Clemente is another surf company that is at the forefront of the technology and design. This company has lost surfboards. With a collection of killer high-ephetic shortboards, fish and a few longboards, you can find the perfect stick for shreds that just waits to get get get some. You can also choose between designs. There are classic blanks all the way to groovy Libtech Freak Flag Bean Bag designs with psychedelic colours floating from the back. Their team has all the faces surfers have come to know and love. That includes Kolohe Endino, Carissa Moore, Tyler Wright, Taj Burrow, and many, more. More.
