[Intro: will.i.am]

Be nice

Be nice

Be nice

Be nice

[Verse 1: will.i.am]

I just wanna be happy

I don't wanna feel nasty

I'm tryna turn my vibration around so I can feel
fantastic

I'm talking to myself in the mirror

I'm telling me to, telling me to cheer up

Everyone around got tears of a clown

And it's so cold like Siberia

[Pre-Chorus: will.i.am]

But I do not want negative energy

If you get what you give, give me positivity (Give it to

me, hey)

[Chorus: will.i.am]

Be different, be nice

Just smile, I promise it'll change your life (Hey)

Be different, be nice

Just smile, I promise it'll change your life

[Post-Chorus: apl.de.ap]

Be nice, be nice

Be nice, be nice

The love you give is the love you get

So be nice and change your life

[Interlude: will.i.am]

Be nice

Be nice

[Verse 2: will.i.am]

I got a new direction

I ain't got no time for stressin'

I don't wanna carry no bad vibration

I don't wanna be in depression

I just wanna be cool, live my life without the problems

Everybody tryna push me down to the ground

But I ain't living life in the bottom

[Pre-Chorus: will.i.am]

'Cause I do not want negative energy
If you get what you give, give me positivity (Give it to
me, hey)

[Chorus: will.i.am]

Be different, be nice
Just smile, I promise it'll change your life (Hey)
Be different, be nice
Just smile, I promise it'll change your life

[Post-Chorus: apl.de.ap]

Be nice, be nice
Be nice, be nice
The love you give is the love you get
So be nice and change your life

[Interlude: will.i.am]

Be nice
Be nice
Be nice
Be nice

[Verse 3: Snoop Dogg]

If we could all just find a way to fly away
To slip into a brighter day (Say what?)

One step, so deft, so right, go left

And do it to 'em right away

I'm talking to all of my leaders

We should just pow-wow, and all of us meet up

And fight for each other, not one another

And when we talk, be nice to each other

Be cordial, be glad, be happy, not sad

Stay in your bag

And all of my banger that **bang** with they flag

Whether **Crip** or Blood, be good to each other

Be hood to each other in the house-a, mi casa su

casa

On and on, love that we givin' keeps rollin' on, rollin'

on

[Chorus: will.i.am]

Hey, be different, be nice

Just smile, I promise it'll change your life (Hey)

Be different, be nice

Just smile, I promise it'll change your life (Hey)

[Outro: will.i.am]

Be nice (Hey)

Be nice
