### Nithi Foods History

Founded in 1998, Nithi Foods started as a family business to serve the food industry with best possible quality dehydrated spices & seasoning products. We are one of the first few spice manufacturers in Thailand to be certified in HACCP & keep on improving ourselves to reach Food Safety System Certification (FSSC) 22000.

Nithi Foods was twice awarded the Investment Promotions from Thailand's Board of Investment (BOI): in 2011 to expand operations into seasoning manufacturing & in 2020 to expand research on flavor development for other enterprises.

Nithi Foods is positioned as a "Creative Agricultural Company" as the scope of our business expands from spices manufacturing to end-to-end agricultural business. We support sustainable growing of garlic in Northern Thailand, research & develop flavor recipes, production techniques, and export to the world under our own brands –Pocket Chef & East Kitchen, as well as our newly launched "Let's Plant Meat" – animal-free meat alternatives made from plants that promote health and sustainability of our planet.

FSSC22000 | ISO22000 | HACCP | GMP | ISO14001 | OHSAS18001 | Halal : Certified

- Our Core Values - Nithi Foods' 3 C - Credible Creative Care -

Nithi Foods is a Creative Agricultural Company
