CIVIL RIGHTS DISTRICT

KEY DISTRICT STRATEGIES

1. Encourage and advocate for mixed-use infill development in the district.

2. Convert 6th Ave to 2-way operation and visually connect to 20th Street.

3. Respect and celebrate the culturally significant blocks with landmarks that anchor the district.

4. Convert 16th Street N to a shared street that will connect Kelly Ingram Park to the Civil Rights Institute.

5. Extend street improvements along 16th Street N to connect the Civil Rights District to the Innovation District.

6. Re-establish 4th Avenue as the 'main street' for the district with conversion to 2-way operations, strategic infill and the reactivation of store fronts.

7. Program regular events in the public spaces in and around Kelly Ingram Park.

8. Accentuate key nodes (intersections and other public realm "meeting points") with public art, paving, lighting, seating, etc.

9. Use public art and architectural design to eliminate blank walls.

10. Encourage new neighborhood housing.

MOBILITY STRATEGY

1. 4th Ave N & 6th Ave N

2. 5th Ave N

3. 17th Street

4. 6th Ave N

5. 16th Street
