

[Wysa](#) is the world's most advanced AI-based digital companion for behavioral health that is a global tech leader in mental health. We are popular with employers, payors and healthcare providers due to its scalability and low cost. Being an AI based app, Wysa overcomes the stigma and privacy concerns that often prevent people seeking help for their mental health.

Market leader with demonstrated scale & impact

Roles & Responsibilities

We are seeking a talented and motivated Junior Data Analyst to join our growing team. You will help in Data Mining, Data Interpretation and Report Generation at Wysa.

Location: Remote, Indian Standard Time

Experience Level: Entry Level

- Interpret data, analyze results using statistical techniques and provide ongoing internal reports
- Identify, analyze, and interpret trends or patterns in complex data sets
- Support and assist in new process improvement opportunities for reporting and other Data Analytics projects
- Apply technical expertise regarding data models, database design development, data mining and segmentation techniques
- Maintain the Confidentiality, Integrity and Availability of all information or assets shared and assessed by you
- Adhere to Wysa's security, privacy and compliance policies and procedures
- Contribute to building continual improvement practices
- Awareness of Design and Coding best practices such as Secure Coding

Qualifications & Skills

- 1- 2 years of proven working experience in data analysis
- Strong mathematical and statistical skills to help collect, measure, organize and analyze data
- Demonstrated knowledge of programming languages like SQL, Mongo, R, and Python
- Technical proficiency regarding database design development, data models, techniques for data mining, and segmentation.
- Experience in handling reporting using platforms like Tableau, PowerBI etc
- Knowledge of how to create and apply the most accurate algorithms to datasets in order to find solutions
- Proficiency in statistics and statistical packages like Excel, R and Python libraries for conducting analysis
- Excellent Problem-solving and debugging skills
- Accuracy and attention to detail
- Adept at querying data, writing reports, and making presentations
- Excellent Team working skills
- Excellent Verbal and Written communication skills.

If you are all this with a heart of empathy, it's always a plus

Why work at Wysa?

At Wysa, we do things a bit differently. You won't find us stuck in the same old corporate loops of old-fashioned hierarchy and mindless monotony. Instead, you'll find us in the cyberspace (*we're a remote company*) revolutionizing traditional mental healthcare and creating the world's most advanced conversational AI for behavioral health, all while wearing a party hat via Zoom filter!

- Wysa is expanding its footprint across the world, and fast. You will play a **high-impact role** here!
- Get first-hand exposure to a global team
- Work with the Industry leaders as the founders and senior team members are from IITs, IIMs, London School of Business and have held top positions across Goldman Sachs, Pearson, Microsoft leading cross functional global teams
- We offer **flexible work hours** and a culture where you are more than just your job designation.
- We work hard, but we rest and avoid burnout at all costs. Expect a range of employee benefits and much more!

In Their Own Words

"The most noteworthy thing I get from Wysa is 'learning' and skill set development. Through Wysa, I am able to improve my thought process as we implement a wide range of applications. I get a good exposure to the whole product and it gives me a kind of completeness. I am also able to explore things on a much deeper level which helps me to enhance my productivity. Also, the team is very welcoming in accepting any new initiatives."

- Rakesh Makam, Lead Backend Developer
