

300 million pounds of glyphosate are sprayed on farms, parks, and school yards annually.

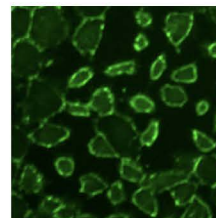

ION*Biome

Your Gut on Glyphosate

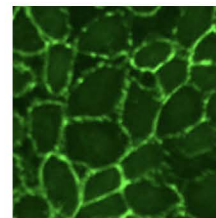

Gut health equals immune health. With glyphosate (the active ingredient in Roundup) tearing apart the tight junctions in the gut lining, your immune system is overwhelmed with foreign particles and toxins, such as glyphosate itself. Defend against glyphosate and support immune health at the start with ION* Gut Health.

1. This is your gut (tight junctions)

2. This is your gut on glyphosate

3. This is your gut on ION* Gut Health

Lack of tight junction integrity causes:
Leaky gut
Inflammation
Weakened immune system
Decreased brain function

Benefits of ION* Gut Health include:
Protection from toxins and allergens
Strengthened digestion
Enhanced mental clarity
Boosted immune function

ION* Gut Health

ION* Gut Health is a gut-strengthening, brain-boosting mineral supplement sourced from 60-million-year-old soil that naturally supports microbiome balance. The active ingredient, Terrahydrite®, has been shown to support the integrity of tight junctions in the gut lining, even in the face of damage from toxins such as glyphosate.

ION* Gut Health goes beyond other supplements to support your wellbeing at a foundational level. By laying that foundation with ION* Gut Health, you aren't just supplementing; you're supporting.

- [+] Immune Function
