## **[Hook]**

Who got the hooch

Who got the hooch

Who got the only sweetest thing in the world

## **[Verse 1]**

The working day was long

And the road is grinding on

And your body's winding down again

The tribal fire's here

And the circle speaks so near

And the simple truth so very much clearer

## **[Hook]**

Who got the hooch, baby

Who got the only sweetest thing in the world

Who got the love, who got the fresh-e-freshy

Who got the only sweetest thing in the world

## **[Verse 2]**

The birds and bees will sing  
The jams begin to ring  
The good vibes flow from me to you  
The evening turns to night  
The fire and moonlight  
The dance of all who came before

## **[Hook]**

Who got the hooch, baby  
Who got the only sweetest thing in the world  
Who got the love, who got the fresh-e-freshy  
Who got the only sweetest thing in the world

## **[Verse 3]**

Let's get real, let's get heavy  
Till the water breaks the levee  
Let's get loose, loose, who got the hooch
