WhatsApp uses your phone's Internet connection (4G/3G/2G/EDGE or Wi-Fi, as available) to allow you to send messages and call friends and family. Switch from SMS to WhatsApp to send and receive messages, calls, photos, videos, documents and Voice Messages. WHY USE WHATSAPP: • NO FEES:WhatsApp uses your phone's Internet connection (4G/3G/2G/EDGE or Wi-Fi, as available) to allow you to send messages and call friends and family, so you don't have to pay for every message or call.\* There are no subscription fees to use WhatsApp. • MULTIMEDIA: Send photos, videos, documents and Voice Messages. • FREE CALLS: Call your friends and family for free with WhatsApp Calling, even if they're in another country.\* WhatsApp calls use your phone's Internet connection instead of your mobile plan's voice minutes. (Note: Data charges may apply. Contact your provider for details. Also, you can't access 911 and other emergency service numbers through WhatsApp). • GROUP CHAT: Enjoy group chats with your contacts so you can easily keep in touch with your friends or family. • WHATSAPP WEB: You can also send and receive WhatsApp messages only from your computer's browser. • NO INTERNATIONAL FEES: There is no extra charge for sending WhatsApp messages internationally. Chat with your friends around the world and avoid international SMS charges.\* • SAY NO TO USERNAMES AND PINS: Why do you have to remember another username or PIN? WhatsApp works with your phone number, as well as SMS, and integrates without power with your phone's existing address book. • ALWAYS LOGGEDIN: With WhatsApp, you are always logged in so as not to miss the reviews. No more confusion about whether you are logged in dared. • CONNECT QUICKLY WITH YOUR CONTACTS: Your address book is used to connect you quickly and easily with your contacts who have WhatsApp so there's no need to add hard-to-remember usernames. • OFFLINE MESSAGES: Even if you lose your notifications or turn off your phone, WhatsApp will save your recent messages until the next time you use the app. • AND MORE: Share your location, swap contacts, set custom wallpapers and notification sounds, transmit messages to multiple contacts at the same time and more! data charges apply. Contact your provider for details.-----re excited to hear from you! If you have any comments, questions or concerns, send an email to at:android-support@whatsapp.com or follow us on twitter: @WhatsApp----- Opera Mini - Fast Browser APK The Opera Mini browser for Android allows you to do everything want online without wasting your data plan. Designed for Android, Chrome brings custom news articles, quick links to your favorite websites, downloads and Google Search and Google Translate integrated. Download now to enjoy the same Chrome web browser experience you love on all your devices. Browse fast and type less. Choose from custom search results that appear instantly as you quickly type and browse previously visited web pages. Fill out the forms quickly withAutofill.Anonymous browsing. Use Incognito mode to surf the internet without saving your history. Browse privately through our devices. Sync Chrome between devices. When you sign in to Chrome, your tags, passwords, and settings will automatically sync across all your devices. You can seamlessly access all your information from your phone, tablet or laptop. All your favorite content, a tap away. Chrome is not only a bit for Google Search, but designed so you're just a tap of all your favorite content. You can tap your favorite news sites or social media directly from the new tab page. Chrome also has the Touch to Search feature on any web page. You can tap any word or phrase to start a Google search while you're still on the page you're having fun with. Protect your phone with Google Safe Browsing. Chrome has Google Safe Browsing built in. It keeps your phone safe by showing warnings to you when you try to navigate to dangerous websites or take down dangerous files. Quick downloads and viewing web pages and offline videos Chrome has a dedicated download button, so you can easily download videos, photos, and entire web pages with just one tap. Chrome also has home downloads within Chrome, where you can access all the content you've downloaded, even when you're offline. Google voice search. Chrome gives you a real browser with what you can talk about. Use your voice to find answers on the go without offering and hands-free. You can navigate and navigate faster using your voice anywhere, anytime. Built-in Google Translate: Quickly translate entire web pages. Chrome has Google Translate built in to help you translate the entire web into your own language with one touch. Save mobile data. Take Chrome Data Saver to browse and disable the web while using less data. Saving up to 60% of data as Chrome compresses text, text, videos and websites without the slightest quality. Smart custom recommendations. Chrome creates an experience that's tailored to your interests. On the new tab page, you'll find articles selected by Chrome based on your previous eyebrow history. Story.
