Even without Covid-19 we would like to be outdoors. Our waiter couldn't... were more accommodating, rain from the table and chairs, making us feel guilty for being asked. Never rained and we had a really nice relaxing meal. We ordered Philly Cheese Steak, Fish and Chips and two sushi dishes. Everyone enjoyed the food. I particularly liked the way the waiter made himself available without constantly interrupting asking if we were happy. We have a reservation on Monday for shooters, but we canceled it for the new favorite, Bokampers! More bocampers!
