Dear Mr. Ganesh Somwanshi,

Hope this letter finds you in good health!!

We have been fighting the COVID19 virus in our region and there are 20 symptomatic cases and dozens of asymptomatic too. It is time to be vigil and empower the community in educating them about social distancing and other important aspects and work towards stopping the spread of the virus.

We received your proposition of voluntarily helping us with the face masks and other essential items for our region. It is indeed required and will certainly help with the battle against COVID-19. We will be happy to receive your donations, masks and other essential items. On receiving the essentials we plan to use them for our employees who are serving the community and will also distribute them to the volunteers. There are few community outreach programs that we have planned and are positive that we will be able to stop the community spread of the disease with our initiatives. We hope that the rest of the world learns from our experience and do not underestimate this disease.

We would like to thank you and your team who have stepped forward, thank you for your contributions! We hope these efforts inspire more of us to be other-centred and help one another stay strong together.

You can send the masks to our town hall:

Comune di Mandello del Lario, Piazza L. Da Vinci , 6 - 23826 Mandello del Lario – Italy_

The mayor of Mandello del Lario

Riccardo Fasoli
