

GENERAL INFORMATION

We are the Official Travel Agency of Art Basel Hong Kong 2027

DESTINATION

Be dazzled by a city of modernity and then relax in nature's own backyard. Hong Kong's landscape is truly unique. To most, it's a land of modern skyscrapers and colorful neon sign, but to those in the know. It's also a quiet land of greenery where nature gently massages the senses. The rest is surrounded by the relaxing sound of waves at a harbour front, bringing serenity to a metropolis of boundless energy. The sight of steel and glass merging with grass and flowers is truly amazing.

LANGUAGE

Cantonese is the main dialect, and to a lesser extent Mandarin. However, English is widely understood in most shops, restaurants and hotels;
