Jom Read the blog below on IPTV. Is it IPTV/IPTV... Androidrepublica addon is an addon generated by the androidrepublica team itself, using a source from Livestreampro Shani. This add-on is specific to Malaysian cody users as well as visitors to this site. Thanks to the ranks of administrators as well as moderators who managed to manage the website and facebook page very well. These additions have menus such as Live TV, Broadcasting, Local Movies, Drama, TV Shows, Classic Movies, Films from Indonesia, Local Animation, Lecture Area, Malay Song Karaoke, Dapur Masakan, and the information room for the latest updates from us Antara interesting in this addon is a live television broadcast where you can watch live TV broadcast from Malaysia, as well as there are several channels from Malaysia. In addition, the Malay karaoke room allows you to sing the latest Malay songs as well as classics and there is a non-vocal section as well as with vocals. The film as well as the drama contained in this addon use a 1-click source of playback and there are only a few channels that require you to pair up using an openload or streaming.to. How to get android Republic Addon Step 1: Download the Androidrepublica Repository above. Step 2: Open the Cody app. Step 3: Go to the System and select Settings. Step 4: Then click the Supplement button. Step 5: Select Set from the zip files and go to the place where the file is in Download/Source. Step 6: Click and install repository.androidrepublica-3.0.0.zip. Step 7: Wait for Add-ons Updated notifications. Step 8: Select Set from the repository and go to the android republic repository. Step 9: Click Video Add-on and install Androidrepublica. Step 10: Please wait until the notification comes out and can go to the Video section. Update 08/05/2017 : If you want to download plugin.video.androidrepublica directly, you can use the link below If Live TV is not downloaded just have to go to the settings and turn on TV Parse. Check out the video below. To add a source or add a zip add-on zipper using codi krypton → link to this post. If you can't enter this addon or if you have any questions, leave a comment below. How yes share this post if you think it's very helpful!
