

Keisha A. Rivers, M.Ed.

Equipping People to Embrace & Manage Change

Keisha A Rivers survived a harrowing Hurricane Katrina experience to become a successful speaker, change agent and learning leader. She facilitates successful outcomes by equipping people to embrace and manage change. Her work centers on areas related to Engagement, Learning and Leadership. Keisha has almost 20 years of experience in strategic planning, DEI, leadership, organizational management, and professional learning and development.

As seen on/featured in...

Engagement, Learning & Leadership Expert

Keisha is gifted in her ability to assist companies in identifying and bringing out the gifts, talents and abilities in their teams. She partners with clients to create a culture of collaboration, learning and inclusion. To empower companies to achieve and sustain success, Keisha has designed individualized initiatives to equip their people to manage change. Past projects include team, talent and leadership development programs; learning collaboratives; peer coaching and mentoring programs; D&I, ERG and E&B initiatives.

Speaker & Corporate Learning Leader

An engaging international speaker and presenter, Keisha establishes an immediate connection with the audience. In her sessions, participants are transformed from passive recipients of information to active creators of knowledge. Keisha's approach empowers participants to immediately apply concepts and create real-world solutions. She has presented at conferences and led training for companies across the country.
