

The Rolling Stones - Neighbours

[Spicy Filters from BeWellPlayed.com](http://BeWellPlayed.com)

[Verse 1]

Neighbors, neighbors, neighbors

Have I got neighbors?

Have I got neighbors?

All day and all night

Neighbors

Have I got neighbors?

Ringing my door bells

All day and all night

Ladies, have I got crazies?

Screaming young babies

No peace and no quiet

I got T.V.'s, saxophone playing

Groaning and straining

With the trouble and strife

[Chorus]

Is it any wonder

Is it any wonder

Is it any wonder

[Bridge]

That we fuss and fight?
Neighbors, do unto strangers
Do unto neighbors
What you do to yourself, yourself, yourself

[Chorus]

[Verse 2]

That we fuss and fight
Neighbors do unto strangers
Do unto neighbors what you do to yourself
Yourself, yourself, yourself
Neighbors, neighbors, neighbors
Neighbors, neighbors, neighbors
Do yourself a favor
Don't you mess with my baby
When I'm working all night
You know that neighbor
Steal off my table
Steal off my table
And doing alright, alright, alright
Neighbors do unto strangers

Do unto strangers
What you do to yourself
