

A wooden cutting board is filled with a variety of healthy snacks. On the left, there is a large pile of dark green, roasted kale leaves. To the right of the kale is a pile of bright orange, roasted carrot sticks, some of which are topped with white sesame seeds. In the center, there is a small glass jar filled with a creamy white dip, likely hummus, with a silver spoon sticking out of it. To the left of the jar is a small white bowl also filled with hummus, garnished with fresh green herbs. To the right of the jar is a pile of light-colored, triangular crackers. Below the kale and the hummus bowls, there are several round, dark-colored crackers. At the bottom left of the board, there is a pile of whole almonds and a small pile of green pumpkin seeds. At the bottom right, there is another small white bowl of hummus, garnished with red pomegranate seeds. The entire board is set against a light-colored wooden background.
