

PRODUCT OVERVIEW · FEATURES · SPECIFICATIONS

MODEL DESCRIPTION

The Alcatraz 1372 is an individually configurable modular system available in two seat widths — **31.5"** and **35.5"**. The extensive element range adapts precisely to any living room layout. Available with and without reclining function.

UPHOLSTERY

Workmanship: Casual look
Backrest: Formasoft cold foam
Seam type: Decorative fell seam
Contrast stitching: Available on request

SEATING COMFORT

Firmness: Superlastic soft
Seat height: 17.7 in (45 cm)

COVER INFORMATION

Back cover: Genuine
 Not suitable for mohair fabrics
 Cover combination: not available

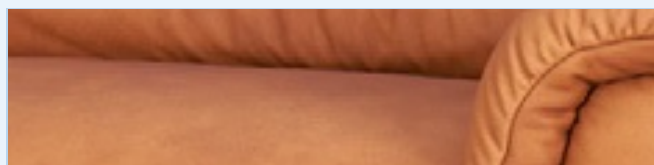

ELECTRIC FUNCTION CONTROL

Power variants are operated via a **toggle switch** on the side of the seat. All electric variants require the external **Storage Battery 0933** (silver or anthracite), sold 1 per variant. Battery cover available in matching upholstery.

WALLFREE FUNCTION & HEART BALANCE (Z77)

The Wallfree function — manual or electric — adjusts both backrest and leg rest with only **2" wall clearance** required. The optional **Heart Balance Z77** supplement (electric only) raises the leg rest to the soothing heart balance position. Total depth reduced by approx. 3" when heart balance fittings are installed.

ASSEMBLY & DELIVERY NOTE

Variants marked with a battery icon are available electrically and optionally with a rechargeable battery. Certain variants are **delivered disassembled** for weight and technical reasons — assembly instructions are enclosed with every shipment.

METAL SKID — LEG FINISH OPTIONS

Skid 62
Stainless
Steel Look

Skid 63
Anthracite
Powder Coated

IMPORTANT NOTE

Please specify leg finish at time of order. Electric end recamieres require min. **1.2" wall clearance**. Stationary variants use a **supporting skid (E)**; power variants use a **metal skid (F)**.
