

The image features a stylized, textured illustration of Donald Trump speaking at a podium. He is depicted from the waist up, wearing a dark suit, white shirt, and red tie. His hands are raised in a gesture of emphasis. The background is a stylized American flag with red and white horizontal stripes and a dark blue field with white stars. The overall style is reminiscent of a woodcut or a heavily textured print.

TRUMPISMS

Dave Davidson

On a cold December 5th, 2007 I wandered into a political event for presidential candidate Mike Huckabee in downtown Des Moines. Everyone I would need to know in politics stemmed from meeting Eric Woolson and Sarah Huckabee on that very first day one in Iowa politics. The six degrees of Kevin Bacon had begun its reach...

My photography knack for documenting brides was remixed into a storytelling approach for politics. This new style became my voter-aiding leveraging influence in images for blogs, campaigns, and books. Whether invited or not, regardless of press pass prestige, or being hired, I simply kept showing up. For the next decade, I shot over 800 political events, creating 1,000 various Prezography.com photo galleries, primarily of presidential candidates in the Iowa Caucus process.

Never exactly knowing which "who" or what "when" of an election day win would happen, the constant compelling curious mysterious story unfolded. In hindsight what days did I simply network like a mutant makeshift politician myself? Having to win the all valuable "trust of presence" from numerous candidates and campaigns became podium side ticket to witnessing history. What days was I shooting the (next) president of the United States of America?

"Trumpisms" is the art of "Shooting The President" and then some. This is about how President Trump from my state, my friends, and my lens emerged from Iowa to the Oval Office. Trump plowed through 16 mainstream GOP candidates like an Iowa harvest combine. Trump swept the leg of the assumed entitled Clinton dynasty, inflicting infamous political vertigo victory on the misinforming media that favored Democrats, to himself become the greatest political story in modern history.

For me, the story always needles Iowa fabric... For example, remember Texas Governor Rick Perry's delayed debate claim declaring to abolish the Department of Energy? Well, Perry runs that department now. It was fun to snag a moose head riddled shot of Perry teaching my son about coal energy from railroad rocks during video breaks filming a Trump-related video for Perry.

How well suited is it that Huckabee's state campaign chairmen, Bob Vander Plaats would go on to personally endorse a hat-trick of three Iowa Caucus winners... (Huckabee 08, Santorum 12, & Cruz 16) Bob had a huge hand in setting the stage for voters to meet then mere businessman tycoon Donald Trump in 2015. Without the tenacious timing of that Iowa voter intro, I believe Trump may still be limited to reality television and not the daily commander in tweet chief of worldwide stardom we know today.

How ironic is it that Sarah Huckabee is currently the press secretary to President Trump? (It's not surprising because I've seen her in action since in 2007.) These images have stories interwoven in the thousands of stories here in Iowa, inauguration and beyond, found within these pages freckled along with Trump's own quotes... Trumpisms!

Thanks to photographers working alongside Dave contributing to this book...

Monte Goodyk - for Huckabee family Art Show images & inauguration group photo.

Jessica Parlee - for key multiple candidate event Prezography photography staffing.

Dan Davidson - for Mike Huckabee flag portrait, Straw Poll coverage & inauguration band image.

Judd Saul, Tim Dusenberry, Ella Davidson, & Glen Cornell for author with candidate related images.

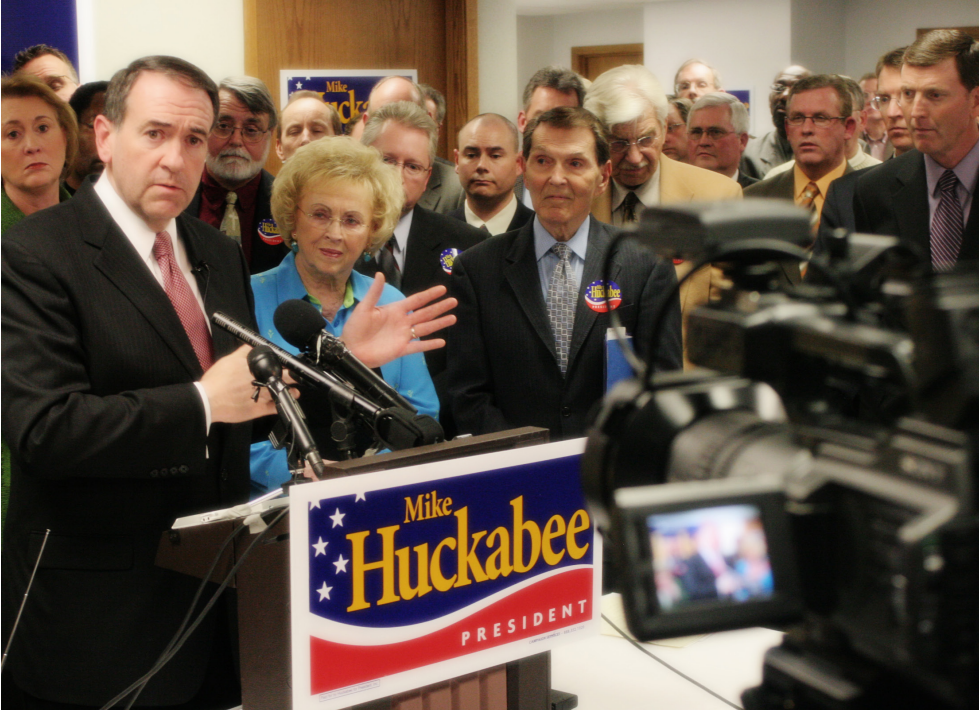

Thanks also to those who helped gain trust and permission behind the scenes Shooting The President.

I think the big problem this country has is being politically correct. I've been challenged by so many people, and I don't frankly have time for total political correctness. And to be honest with you, this country doesn't have time either.

Donald Trump

I can never

The president of the United

Dave Davidson is a rare breed.

A combination of commitment, professionalism, and enthusiasm that is a throwback to when people took pride in their work and enjoyed themselves at the same time.

Steve Deace
SteveDeace.com

Dave Davidson is the official unofficial photographer of the Iowa caucuses. He's everywhere on the campaign trail.

He captures the best moments - because he gets there early and stays late, because he has an eye for art and a nose for news, because he knows Iowa and its people so well, because the candidates like and trust him, and because he notices the little things that most people miss.

Jennifer Jacobs

Des Moines Register's Chief Political Reporter

Dave Davidson's most important attribute is his work ethic and commitment to principle. At almost every political event, local or presidential, he is there doing his work. For a big guy he's almost invisible at an event... does his usual great job and goes home.

My only problem with him is that I've repeatedly asked him to make my picture look like a young Clint Eastwood but he always says, "I'm an artist, not a miracle worker."

Jan Mickelson
WHO Radio talk show host

Dave Davidson is a pleasure to work with. He does a fantastic job getting the perfect shots and is flexible to each event's specific needs. He is the ultimate professional who is very easy to do business with.

If you don't work with Dave Davidson you are missing out.

Tyler De Hann

Dave Davidson is one of the best photographers in politics.

He captures the candidate, the crowd, and the event with a dynamic thrill-of-the-moment realism.

Jamie Johnson
Senior Director, Perry for President

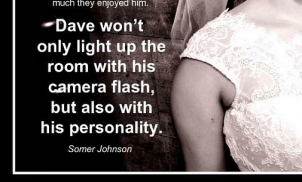

I have known Dave for almost 10 years and have thoroughly enjoyed working with him over those ten years. Dave has a great vision and interpretation of motion, light, and composition. He is the most creatively unique photographer I have ever worked with. Besides his creative ability, he is also a wonderful human being.

After photographing my wedding day, the biggest compliment I received from guests was how wonderful Dave was and how much they enjoyed him.

Dave won't only light up the room with his camera flash, but also with his personality.

Somer Johnson

EPILOGUE

I dedicate this version of "Trumpisms: Commemorative Inauguration Photo Art Book" to my father, Dr. Donald Davidson who celebrates his 90th birthday on August 1, 2023.

This art book showcases a remarkable collection of images, capturing significant moments from my first decade in politics. All these images available for purchase as art prints in the Trumpisms and Prezography sections at the DaveDavidson.com website. Alternatively, you can order or share this special edition by searching for it on Amazon.

The book was originally a crowdfunded project in early 2017. Thanks again to all who have supported my art over the years. I genuinely take full responsibility for any oversight and extend my sincerest apologies to those who didn't receive a copy.

I hope this book is a fond time capsule for reflecting on the uniqueness of that particular time in American history.
