**The World Bank is empty.**  
**The Committee of 300 is empty.**

(Edited by Vincent Gillespie. Revised on 12/3/2025.)

**[Narrator speaks:]**

(0:02) The World Bank and the Committee of 300 [of the World Bank] are cut off from available rights and assets. All missions based on historical assets were canceled to create a new financial system. The transition to the gold standard and a new economic system based on new rules has begun.

(0:21) Three gold-backed reserve currencies will be used as the basis. Historical accounts in all the world's banks have been audited, and the new banking system is ready to launch. After the game of the gods ended, a new era began.

(0:36) The golden treasury of the Creator Ra may now serve humanity. Exclusive footage of the transfer of rights at the highest sacred level to all assets of the world to their owners by birth, the Slavs. For the first time, we publicly present to you the family of guardians of all the monetary assets of our Earth. [Images of 13 such guardians are shown from 3:57 to 4:27.]

(0:58) The Soviet Union as a sovereign has been completely restored. The entire elite, even those behind the scenes, have recognized the restoration of the Soviet Union. It has always existed and has now is back as a national, sovereign, just state.

(1:15) The Gosbank, the so-called governmental bank of USSR, is renewed and filled with assets. The emission of rubles as a new reserve currency and the new patented banknotes are ready for circulation. The new central bank of the whole world, the Hospitaller Bank, is located in Bratislava (the capitol city of Slovakia).

(1:37) All governments have been informed about the activation of accounts and changes in the financial system, and how they need to act if they want to receive funding for their countries. It might sound like a fairy tale, but the time of the Slavs has come, and with us comes a new era.

(1:54) Here we will restore order, and no one will be able to change it. The game of parasites is over forever. They are left without rights, strength and in despair.

(2:05) The media is still playing their game. The actors continue their acting roles, but what awaits them if they don't give up? You will receive answers in these few minutes. We will show you the facts and the real documents. It's time to wake up and it's time to act. The Golden Age is just beginning.

(2:30 to 3:00) [Music.]

(3:01) [Video showing Salamin Badudao Rizal (the custodian of very great assets) speaking about Alexander Paramonov at a ceremony, apparently in the Philippines. The initial 20 seconds of his comments are difficult to understand and have not been transcribed here.]

(3:22) [**Salamin Rizal waves for the camera and speaks in broken English:**] Alexander Paramonov, bye, bye. Bye, bye Alexander Paramonov, your son, Rizal Salamin.

(3:27) [The video shows a photo of Salamin Rizal holding a package which is (apparently) set to be mailed from the Philippines to Alexander Paramonov. (The package seems to be about 12” x 10” x 1” in size, a size which seems appropriate for containing a stack of documents.)]

(3:35) [The video shows Alexander Paramonov, probably in Russia, receiving the package from a female assistant. **Alexander holds the package in front of himself, waves for the camera and speaks in broken English:**] Hi, my son, Salamin Rizal. How are you? All right. Documents accept. [He makes a “thumbs up” gesture here.] Very good. Thank you. I love you. Bye.

**[Narrator speaks:]**

(3:47) It lasted more than a thousand years. Valley of the Saints, Philippine Islands – a place guarded by higher powers. The White Spiritual Boy, Salamin Rizal, the custodian of the sacred golden treasury of our ancestors, which is handed over on the basis of exclusive historical right, (4:03) transferred everything into the hands of the Slavs. The White Spiritual Boy, spiritual father of Salamin Rizal, Alexander Nikolaevich Paramonov, according to plan as the 13th in line, breaks the vicious circle, opens the flow of evolution and liberates.

(4:21) The game of the gods, which lasted one and a half billion years, is over. The last era lasted two thousand years. In the presence of Creator Ra and his son, God Ra, a new era has begun.

(4:35) The creator became Salamin Rizal, as a descendant of the god Salim, Solomon, to whom the Creator of Ra left responsibility for everything and authorized him to hide the treasury of the Creator of Ra from parasites during the most pathetic millennial period of the dark night of Svarog. (4:53) Gold — is an energy accumulator. Unlike the gold used in the Middle Ages, which was passed around and saturated with crooked parasitic energy, the gold left to us by our ancestors, stored in great depths, is protected by technologies we have never seen before, and is loaded with the language of God, the divine vibrations of Creation.

(5:17) From this comes the name “Treasury of the Creator Ra.” The time has come for the gods [angels?] to return to Earth to find this treasury, and the world will be filled with the structure of the golden ratio. This is Creation.

(5:29) Billions of tons of gold are stored in the accounts, and no parasite can stand against it. The hellish worlds have been destroyed, and the Earth is clean. And so, the son handed everything over to his father. A new golden age is beginning.

(5:53) White Spiritual Boy Corporation has always owned all the assets of all the sacred gold in the world and was the owner of all the sacred accounts on which the financial system was built. The treasury always belonged to the Suras, Russ (Russians), who on the night of Svarog were called Russians, (6:04) and on the day of Svarog — Suras, descendants of the gods. The whole history is 100% distorted.

(6:21) Over the past thousand years, parasites have managed to destroy four civilizations. We are the fifth civilization, as evidenced by many facts. Slavism is the knowledge that glorifies Yan-Yin, the system of earthly and heavenly flow, the image and likeness of the Most High family, Qi and Che.

(6:42) They turned everything upside down, they made Veles a horned man, and Stalin a murderer. As an example, I will mention the triangle with the eye, which is depicted on the documents of the White Spiritual Boy corporation. This is the Mother Earth system, the Yin system.

(6:56) The eye signifies the eye of God-Ra. The correct, ball symbol — is the multidimensional Mirkaba. Two triangles, the heavenly and earthly flow of the image of the Supreme.

(7:10) In those difficult times of Darkness, one of the White Spiritual Boy accounts was managed by Richard Gravett, Satan himself living on Earth. It was on these assets that he founded his false system of trusts in 1302. The basis of the world order was the Millennium Divine Trust, the result of which we are experiencing today first-hand.

(7:33) Within the Millennium Trust there were agreements for the release of assets for 300 years, 100 years, 72 years and 25 years. They have governed our society for nearly a thousand years. The Vatican acted as the treasury, the Jesuits as the ministers of economy, the Jews as managers, bankers and other secret organizations, (7:55) as well as the banking families of the Rothschilds, Rockefellers, Baruchs, who never owned accounts, but were only managers.

(8:03) During this period, Roman military law and the title of sovereign also emerged, which in this law means “untouchable.”

(8:09) A thousand years ago, before the Middle Ages, when our ancestors won one of the wars, the Order of the Supreme Rulers of the Sovereigns was created, the Order of St. John of Jerusalem, the Order of the Hospitallers, the Supreme Sovereign on Earth, the Historical Order of the Russians, Surov, (8:30) which also gave the title of sovereigns to royal families. The basis for the victory in the battle, the property and rights of the sovereign, was laid by Ivan the Terrible, who united the whole world into three kingdoms – the Russian-Byzantine throne, the Russian-British throne and the Russian-Persian throne.

(8:50) Every time the trusts ran out, every hundred years, wars and epidemics broke out. The next important period was the transfer of rights to the Soviet Union, the Bolshevik victory over the Menshevik foreigners, and the Constitution, based on universal law in 1936. The struggle for sovereignty and assets ended with World War II and millions of victims.

(9:15) This is why the victorious Stalin was able to sign in 1943 in Tehran the “New World Order” trust for 72 years, acting justly, overcoming all, and gradually redeeming the Soviet people from the slavery of Roman law.

(9:33) He [Stalin] also participated in the Bretton Woods Convention, which was based on the assets of the White Spiritual Boy, though it was not binding upon him. The parasites did not give up.

(9:44) Using the Washington Agreements, the 1977 Constitution changes, and the 1991 coup under the Vlasov occupation flag, they continued to steal Soviet assets. For example, the International Monetary Fund operated using USSR accounts. But they were caught by their own agreements, and the game was over. (10:09) Richard Gravett, the one whom everyone served, is dead. His death in 2006 ended all trusts. He admitted his defeat because he could not eradicate faith, hope, love, goodness, conscience, honor, justice, selflessness, and mercy in the souls of Soviet people.

(10:30) According to his will, 85% of the assets belong to the Soviet Union and 15% to the British Queen, who oversees the execution of the will. It is impossible to negotiate with the Gravett control group or ask for forgiveness. They have no mercy. (10:49) Anyone who does not fulfill his will faces deincarnation, the irrevocable destruction of the soul, the spirit of essence. Everyone must decide for themselves. Rome does not pay traitors. This is the end.

(11:24) The parasitic games of war and revolution are over. The golden era has begun. Now it is important that order reigns. By consolidating all White Spiritual Boy accounts and sub-accounts and transferring them to the M1 International Treasury, which becomes the universal treasury. (11:46) The entire financial system, all the money in the world, all the assets, dollar, euro, any issuance. No one will do anything without M1. There is only one temple, there has been and always will be.

(12:02) Treasures of our ancestors — these are billions of tons entered into the system of a special international commission. International Treasury M1 — duly registered financial institution with the UN. [Here an image appears in the video of a document issued by the UN indicating that M1 was issued UN ID # 626139.] (12:13) However, the first to be established was the Treasury Fund of the Creator Ra, registered with the Ministry of Justice of the Russian Federation and the Soviet Union.

(12:23) This is stated in the decree of the Military-People's Council as the legal successor of the Soviet Union. After that, we renewed the Bright Great Rus' — a cooperative on the platform of international law, whose foundation is society itself.

(12:39) The cooperative is not tied to the territory; its citizens are its members and shareholders.

(12:44) According to international law, it is sovereign and can be located in any territory. No state has the right to refuse to register our activities. We don't need embassies, we are independent.

(12:57) We are not subject to taxes — just like the family clans and global corporations.

(13:04) Then the M1 treasury appeared and a meeting between father and son took place. The father approached his son and told him, (13:13) "I am in this man, give him everything, he will do everything for the world". [I think this means the following: God approached Salamin Rizal and told him that God is in Alexander Paramonov, that Salamin should give all the assets that he had have been safeguarding to Alexander, and that Alexander will do everything for the world.]

(13:17) This is how a global financial institution emerged, one with no limitations. We can accept anyone, even the whole galaxy. As a result, Chinese government authorities have become

our shareholders, and there are more and more of them.

(13:35) After the sale of rights, accounts began to be activated in all banks worldwide. White Spiritual Boy owns an account with the Central Bank of the Russian Federation. FED [?] — in Bank of America.

(13:53) Rothschild Banks. All other banks in the world, for example, in Austria: BAWAG, Erste Bank, Volksbank, and other banks. In total, in 172 countries around the world.

(14:08) In order for the world to emerge from the crisis and prevent war, on April 7, 2020, M1 issued Resolution No. 1, which clearly outlines three reserve currencies: “golden rubles,” “golden dollars,” and “golden ECU.” In accordance with this resolution, M1 issued a reserve currency “golden Soviet ruble” and transferred it to the State Bank of the Soviet Union, which has been fully restored. New patented treasury notes are proof of this.

(14:39) Through the cancellation of accounts and the annulment of historical assets in order to build an entirely new financial system, pursuant to M1’s Resolution No. 4, this step made it possible to clear 5 million tons of Soviet gold.

(14:54) We are not interested in who stole what — everything on our end is blocked. Therefore, from the beginning we increased the volume of gold by another 5 million tons, thus respecting the trust management agreements and the sovereignty of the Soviet Union, which has been fully restored at the UN, and all parties were informed.

(15:13) Recognition of the Soviet Union by the world elite will soon manifest itself in the public world. Procedures for filing a claim for the renewal of a Soviet passport are publicly available. M1 established a new central bank for the whole world.

(15:33) The Hospitaller Bank, headquartered in Bratislava, is ready to open. By Resolution No. 6, M1 issued treasury obligations and a world currency backed by gold. Resolution No. 7 clearly states that M1 is the key organization for discussing international and economic matters.

(15:56) On October 29, 2021, we finally disconnected the parasites. M1 and the White Spiritual Boy Corporation stripped the World Bank and the Committee of 300 of all assets and control, as they had used a part of the White Spiritual Boy account called Wonder Boy. Today, the World Bank is an empty virtual bank.

(16:19) The matrix of accounts is in our hands. All codes are in our possession. They can no longer do anything. They have no access. We took away their rights. Artificial intelligence is blocking them. All accounts will be renamed under M1.

(16:36) They will neither increase nor contract. This is simply a monument that gives off energy, on the basis of which light emissions will be released.

(16:45) Everything is ready, the servers are activated. All documents are being sent to the banks. The transition to a new banking system has begun.

(16:54) Resolution No. 8. Based on cooperation between M1 and China, an understanding was reached on the announcement of a freely convertible gold yuan currency, the Gold Renminbi. (17:08) Resolution No.9 reflects the situation of the financial and economic systemic crisis in the world, on the basis of which cardinal decisions were made to ban all high-yield financial and PPP programs, which will now be regulated by M1.

(17:25) On November 11, 2021, in an informational letter to all world leaders, the conditions were outlined under which they may fund their projects and what they can do for their countries. Letters were sent to all state officials, all banks, and national banks. Information regarding the change in the financial system and the activation of accounts.

(17:48) For example, to the President of the Russian Federation, Putin, the Prime Minister of the Russian Federation, Mishustin, the Chairwoman of the Central Bank, Nabiullina, the President of Slovakia, Čaputová, the Prime Minister of Slovakia, Heger, (17:35) the National Bank of Slovakia, Czech President Zeman, and all world leaders. We are waiting. It's time to tell the nation.

(18:18) M1 is the sole regulator of the financial system. Ahead of us lies a huge leap. A special program of infinite finances, backed by gold, will lead humanity into a new era of development. You will learn everything in due time, exclusively on the channel. A thousand years of lies, genocide, suffering and war. It's time to wake up.

(18:57) For our children, our kin, our people. Let's remember true values—spiritual, moral, love, family, homeland, kin. We were born now to act, to change everything.

(19:13) Our ancestors are watching us and believe in us.

We don't need to throw ourselves in front of bullets like our forefathers. They fought for us; we have everything. The dark worlds are gone, there is no force that can stop us.

(19:28) All you need to do is self-organize, create, unite. We are Slavs; we bring a culture of coexistence. We will lead the Earth into a new era. The whole world trusts us. Soviet people, wake up. We have already begun. (19:43) Slovakia, Czech Republic, Hungary.

The time for our rules has come. The time of truth. The time of justice. The time of conscience. The time of harmony. The time of creation.
