Rev. 4.1 2025

Level 3 Award in Legionella for the Responsible Person

Course Aims;

This course provides;

- a revision of the risk factors that cause Legionnaire's Disease, and their control,
- an understanding of why Legionella control is necessary,
- an understanding of the "Responsible Person" role, and
- a thorough outline of the management system required to control Legionella bacteria, and what this looks like in practice.

Who;

This course is designed for anyone in a management or supervisory role, and who is responsible for the implementation of any part of the Legionella management system. This can include;

- building owners
- facilities managers
- maintenance supervisors

Where;

.Any building or activity where risks of Legionella can arise, whether this is through hot and cold water systems, evaporative condensers ("Cooling Towers"), spas/swimming pools, or any other water system.

Learning Outcomes;

An understanding of;

- The reason for control; legal, financial and reputational risks,
- Risk factors; how the bacteria get into, and multiply within water systems, and the relevant controls,
- The detail of the management system that ensures control, and
- How the legal requirements, Codes of Practice and guidance can support compliance and successful control.

The Practicalities

This course is delivered through “blended learning”; part self-study and part classroom- or Zoom-based. It is **ESSENTIAL** that delegates complete three blocks of pre-course work, over four weeks, before the classroom or Zoom session.

The classroom/Zoom session is a follow-up to fill in the gaps and make sure the more tricky bits are understood.

Delegates are assessed by the successful completion of a short workbook.

Free Costs

A course for your staff would typically cost £840.00 +VAT for 6 delegates.

The in-person session can be virtual (through Zoom), in person at your premises, or at our class-leading training facilities at No8

If you'd like to discuss different permutations of numbers, sessions, or to ask us to customise a quote for you, please don't hesitate to get in touch.
