Reservoir Dogs: The Hard Copy Files This article has been archived and is no longer accepting comments. The information provided here may be outdated and is no longer being maintained. Please see the Archive FAQ for more information. This page contains links to PDFs containing the hardcopy files used to create the CD-quality images of the film used on this site. Some of the text included in the image captions may be out of date. Please be aware that in some cases the images are also available in DVD or Blu-ray quality, for free. Community water chlorination: evaluation of a program. A program of brominating drinking water at the local level has been adopted by a Los Angeles City Council committee as the standard method of treatment in the City's unincorporated areas. Results from 1 year of evaluation of the program show that the program is beneficial and cost-effective and that treated water quality is consistent and high. The program is an important component in controlling waterborne disease in the community and is recommended for adoption by other community water districts. Q: Wrong UNION syntax in mysql I'm facing a problem with the syntax of the SQL command, I'm using the UNION with a wrong syntax: What I want:

SELECT * FROM RESULTS UNION (SELECT * FROM RESULTS WHERE row = 1) UNION (SELECT * FROM RESULTS WHERE row = 2) What I get: This is my actual code: UNION (SELECT * FROM RESULTS WHERE row = 3) I want the row = 1 and row = 2 values to 520fdb1ae7
