

Bloody Prince Thorn

Role: Son of an insane tyrant, murderer

Species: Human

Gender: Male

Age: Adult

Social Status: High

Centuries ago, Edrick Thorn was the only son of the King Oswald Thorn, the feared and fabled "Mad King" of Kryta. Whereas his father was known for madness and a literal killer sense of humor, Edrick was a sadist who loved torturing and murdering his subjects for fun, thus earning the title "The Bloody Prince."

Edrick's bloodlust became too much for his father, who was disappointed in his son's utter lack of style in his depravities. The Mad King attempted to teach his son a lesson by stuffing him in a box and starving him. Edrick eventually died from starvation and his father bound his son's body and spirit to box. To make sure no one else learned of his disappointment of a son, the Mad King erased "the bloody prince" from the royal records and butchered anyone who spoke of him.

Edrick now aches for his freedom which would be devoted to finding his father and making him suffer for being left to die in the box.
