Watch this video for Pincrest Campground. It is a privately owned and operated family campsite in Salem, Missouri. The owners, Ethan and Marie Tuttle, are friendly and very attentive to the needs of their guests. The campsite and facilities are extremely clean and clean. The trails have a nice variety of flat single-track trails at higher altitudes. There are horse trails that pass crystal clear ponds, cross the Current River, and ride along the river with nice views of the river cliffs. This is a great place to camp and ride. The campsite has electricity and water at each site and covered stalls near each site. --- REVIEWS - MILE MARKER 0.9 - Blue Ribbon Trout Cabin - Near Montauk State Park. Nestled in the heart of the Ozarks on the springs of the Current River, this cabin rental offers year-round accommodation in a beautiful private park. For a top view, click HERE. NO FACILITIES. The nearby Nichols Historic Site is just a close hike along the way. Horses sometimes cross the river at this point by locals and tourists who take a ride on the trail. All campsites are located along the river. Accessible by car, but you need a 4WD truck to one of the campsites where a spring/stream flows into the river. Personally this is my favorite campsite because of a of white sand, a nearby deep pool and fishing hole, and the difficulty for others without an off-roader to access it. This camping location is accessible via route YY at Dent County Road 652 (rocky road on the left about 1/2 mile before provincial road 653 which to Baptist access.) The unnamed road between 652 and 653, as seen on the following map, can also lead to the river in 3 different places. One of these 3 points (which, I forget exactly) also has a very deep swimming and fishing hole and a nice gravel bar for camping. CLICK HERE! 06APR18 UPDATE: Both the Prongs and Buck Hollow are not camping... only the use of a day and the put-in. The first official camping area is located in Blue Spring, 3 miles of river under Buck. Gravel bar campsite is encouraged along the river, only not at the entrances.... makes it difficult for boaters. People need to understand that these are put-ins/day use only sites. The first ONSR put-in is at Buck Hollow.... there is no PLACE for campsites here. The Prongs ACCESS is just.. access. It is operated by MDC, not ONSR, The Park starts just below the VFW camp, about halfway between Prongs & Buck. Everything above there is private land, not ONSR or MDC. - Ted Haviland What to see and do - Click here! -MILE MARKER 0.0 (5 Miles south/southwest of the Upper Jacks fork) - Dreamcatchers Nightly Rentals - 3 Properties ranging from 5 miles south and southwest of the upper jack fork to Mountainview, MO and between Willow Springs and Mountainview, Missouri on Hwy 60. 3 houses available for rent on a night/weekly basis.
