Download now on Google Play and great reviews. Players can be all ages, from children to the elderly who can enjoy it. In addition, Cooking Fever is designed to be like a family game. In this way, parents can join their children to enjoy the game and strengthen their family's feelings. Cooking Fever is a popular game, so even now it continues to be updated regularly. Many new features have been added to attract players and ensure revenue. He has just updated a brand new restaurant called Vegan Peak! Here, players can find fresh organic food. It is the last restaurant owned by the Alpine Resort service chain. You can also enjoy many other services served there. Nutrient peppers, corn cobs and grilled eggplant as well as top quality salads will surely make their guests very satisfied. The dishes are always served and highlighted quickly with the style of serving European standards. Graphics Although a viral game, Cooking Fever is designed in 2D format. However, this is a good step for the manufacturer when this type of format is used by most games of the same genre, giving players a sense of familiarity. And it's friendly with a lot of different players. The unique thing here is that although the character and landscape are commonly designed, the food is very carefully cared for. Draw ingredients with an extraordinarily fresh design and always image. Until the process of transformation and perfection becomes a dish, everything you see in front of them is very attractive. It can also be said that each meal is designed with images based on culinary masterpieces of the world, whether it's just a fried fish dish or a hamburger. Gameplay In the game, play the role of a talented chef and will have to perform his mission at 27 unique locations, from desserts and fast food to sea food and oriental restaurant. Each place will be designed in a distinct theme and serve dishes based on this theme. Customers will come to your order on a regular basis. You will then receive money and experience depending on the difficulty of the food you serve. In addition to regular quests, the game will offer quests so players can compete and earn valuable rewards. These elements can help your gameplay later. However, players must always do their job well, but must serve more than 1,300 dishes to cook using 350 ingredients. This sounds like a lot, but if you're a real fan, it certainly familiar with them.
