GENERAL MEMETICS NEWSLETTER

August 2022

Dear Friends and Colleagues,

How should the [General Memetics Team](#) share the mountains of [Discoveries](#) we made during 9 Trainings (2 *Expand The Box* Trainings, 3 Possibility Village Labs, 1 Intimacy Journeyer Lab, 1 Heal From School Lab, the Global Ecovillage Network Conference Workshops we delivered, plus the Firewalking Initiation) spanning 3 months, 4 countries, and hundreds of [Edgeworkers](#)?

Looking outwards while teetering on the edge of research, the Source of Clarity and Possibility seems endless, as if patiently waiting for someone to find a particular edge where [Authentic Necessity](#) demands the next [Distinction](#), [Practice](#) or [Process](#) to be downloaded.

new Processes we invented to deliver what was needed by the people in the [Spaces we Navigated](#).

The pain I carry now (Anne-Chloé) is the realization that, no matter how sparkling and powerful this distilled [Clarity](#) currently seems, if I am the only one having access to it, it will die with me. As the shape of my [Being](#) continues to transform, the Clarity that I was previously holding becomes irrelevant to my newly found relationship with the world. Yes, it served me and the others well, but if I do not share it clearly, it becomes merely part of me and disappears from view.

You might have experienced this on your [Path](#): one distinction seems so crucial and remains at the center of your Evolution for months, but then it integrates so thoroughly into your meme-set that you cannot not remember it today unless you rediscover it in your *Beep! Book*, reminding you of the roads traveled.

The way I am seeing it now, the Power of Clarity is found not in how much of it I accumulate or how perfectly I express it, but in how many other people have access to it.

When my [3Cell](#), my [Teams](#), my [Gameworld](#) as a whole applies a [Distinction](#) consistently, then Clarity obtains leverage for creating [Archiarchy](#).

I celebrate that in addition to Clinton and myself, others took on the job of documenting new Clarity from our Transformational European Tour. It could become [your job](#) too.

For example, here are three reports from the Firewalking Initiation, two in English and one in German:

From Manuela Kuhar (German): <https://beruehrungs-punkte.info/feuerlauf/>

From Andrea Dolezalkova (English): download PDF [here](#).

From Gabriela Lechemin (English): [Imagine Archiarchy. A Trip To Poland](#)

Here is an improvised video made during our GEN Workshop about the 13 Tools of a Possibilitator <https://www.youtube.com/watch?v=1hLzh-dCyQo>

not physically in the Lab, but published this article two days after the Lab ended:

To share the immensity of additional discoveries, Clinton and I with others on the General Memetics Team are making whole new websites within the [StartOver.xyz](https://startover.xyz) game, for example:

<http://gremlinviolence.mystrikingly.com>

<http://gremlinselfcannibalism.mystrikingly.com>

<http://dramaholic.mystrikingly.com>

<http://collaborativecommunication.mystrikingly.com>

<http://cavitation.mystrikingly.com>

<http://knacks.mystrikingly.com>

As we transcribe further Clarity and Possibility into shareable forms and it becomes a part of the context of Possibility Management and Archiarchy, we will make sure to inform you about it.

In fact, it is probably time for you to participate in the alchemical process of bringing Clarity from the energetic state to the physical state. If so, here are some supportive websites:

[SPARK 232: Thinking there is a plan for what to do next makes you a Zombie.](#)

Wouldn't it seem 'comfortable', 'safe', 'secure', and 'peaceful' to think that there is a design for what to do next? If everyone knew and followed the 'plan', we would not make mistakes! We would not need police, courts, armies, or prisons! All would be 'safely orchestrated and controlled' and then we could go on about our sweet little
