GENERAL MEMETICS NEWSLETTER

June 2022

Dear Friends,

The [Path of Evolution](#) is a Journey made in the company of others.

Your Evolution Journey starts at the edge of the crumbling modern civilization, where the paint and the bricks are visibly falling apart. You, as an [Edgeworker](#), are extracting yourself from a collapsing house. A useful tool in undertaking such an escape mission might be a [Bridge](#). If you have found such a Bridge or are already on such a Bridge, you can probably see your next step on that Bridge. However, you might not be able to see ten steps ahead of you.

How do you keep walking the Bridge into the unknown territory of Next Culture - Archiarchy? What if the sections of the Bridge that you do not see are actually not built yet? Then, the question becomes, how do you build the Bridge that you will then walk on?

and strangers on the Path of Evolution. These people are your [Circle](#).

Your Circle is your Bridge. Your Bridge is your Circle.

Without building your Circle, you are missing the [Do-It Power](#), the [Necessity](#), the [Possibility](#), the [Group Intelligence](#) and [Teamwork](#) to build your Bridge.

If you think about your Circle as your 'Clientele', you have been sucked into the concept of ordinary business practices that relate to human beings as consumers instead of as intelligent, sensitive, creative beings, capable of taking responsibility and making extraordinary move creatures. Actually, human beings have the capacity to creatively-collaborate during explorative discovery journeys so as to invent things that never before existed. What if you relate to your Circle like that? How would you build your Circle? Who would you invite to build your Bridge with you?

Through decades of experimentation, we have distilled some multi-dimensional Circle-building actions. We want to share some of these practical steps with you about how to build your Circle:

- Boldly provide [Unreasonable](#) and even [Unfair](#) amounts of your [Nonmaterial Value](#) through [WorkTalks](#), [Workshops](#), [Articles](#), Videos, Podcasts, etc. Providing Unreasonable Nonmaterial Value unbalances the Universe so that it slants back in your direction.
- Make your own personal [Website](#) that explains, tells stories about, and invites readers to discover more about the Nonmaterial Value you specialise in delivering.
- Send out a monthly [Newsletter](#) to share about the edge of your research about how to most powerfully deliver your Nonmaterial Value, and results that are emerging.
- Cause tidal waves of [Legends](#) to be spoken about yourself and the gameworlds you support and play in. For an example of Legend Making, Anne-Chloé Destremau and Clinton Callahan decided to include the tuition fee for the upcoming [Firewalking Initiation](#) in Poland 13-14 July 2022 to be *included* in the tuition for the upcoming [Possibility Village Lab](#) they are delivering in Poland 27-31 July 2022.
- Personally connect-in with – or create – a Team of Bridge-Builders and Bridge-Walkers who are also building their Circle, so that your Circles – your Bridges – meet, overlap, and interlink to weave a strong web. This way, when you give a WorkTalk – such as a [Rage Club Intro](#) – you can do it with someone else on your Team and combine your Circles in the invitations!

for no reason other than the ecstatic pleasures of [Committing](#) to the success of someone else's Commitment.

- Ongoingly deepen your [Context](#) by actually doing the [Experiments](#) and going through the [Emotional Healing Processes](#) (EHP) that reveal themselves along your way, as well as [Adulthood](#) and [Archetypal Initiatory Processes](#) in formally held spaces
- Create physical [Doorways](#) to the offers you are making to take further steps on the Bridge. For example, place hundreds of inspiring printed postcards at cafés and hand them out at conferences, slide them into books (from the Possibility Management or other related contexts) in libraries and bookshops.
- Bring your Circle together to build the next part of the Bridge to Archiarchy together, for example, by co-creating a [Bridge-House](#).
- Etcetera!

What are the ways you have found to build your Circle?

Love,

Anne-Chloé, Clinton, and the General Memetics Team

SPARK: Survival is the avoidance of Living

Each morning you hide behind your personality mask. You secretly rehearse in your mind what you will say to others. You strategize how to deal with problematical people. You praise and criticize yourself. You try to follow the law so you are perceived as someone not so dangerous as to be put behind bars or be given brain drugs. Survival seems like a full-time job...

It is said that you have a life before firewalking, and a life after firewalking.
These two lives are not the same.

At some point you are ready to make the step. Several meters of glowing coals lie before you as a bridge to a new future. You carried the wood. You made the fire. You know it is real. By walking barefoot through the glowing coals, you too become real.
