Her torch aloft,
The stars and stripes in her teeth,
The Earth on her back,
America's Statue of Liberty
Shows the way to freedom.

She climbs the ladder of consciousness
Carrying the human race,
All animals, plants and life with Her,
Fulfilling her official name of
“Liberty Enlightening the World”.

In sharing Liberty's mantle
Of service for the greater good,
Our Earth is cared for,
The human family fulfills its highest potential
And our Liberty is made manifest.

Thank you for your service
To the United States of America.
