Recent Expand The Box Training delivered by Ana Norambuena in New Zealand.

Dear Possibilitators,

Our combined courage and clarity (yours and ours) is creating a massive field of opportunity for each other, and for many we do not yet know but who are headed in the direction of stepping into themselves, and stepping more definitely into the world through online Rage Club.

It must be realized that Rage Club is not about yelling around.

Yes, certainly, your thinking needs to escape from Standard Intelligence Human Thoughtware, to shift away from regarding the energy and information of conscious anger as 'bad' or 'dangerous' or 'negative'. But this is only the beginning. This is what opens a doorway to an entirely new world of possibilities that emerges from accessing more high-quality life-energy.

We have seen so many people from previous Rage Clubs, Fear Clubs, Possibility Teams, Study Groups and various Worktalks and Workshops smile more freely, speak out more clearly, proactively creating rather than hesitating until forced to move by circumstances. They breathe easier during the day and sleep better at night. We have seen it over and over. Now it can be your turn. Upcoming opportunities are listed below.

We wish you all the best, right now!

Love from your Possibility Management Team
