FORWARD LOOKING STATEMENTS

This Quarterly report contains forward-looking statements. Forward-looking statements are projections of events, revenues, income, future economic performance or management's plans and objectives for our future operations. In some cases, you can identify forward-looking statements by terminology such as "may", "should", "expects", "plans", "anticipates", "believes", "estimates", "predicts", "potential" or "continue" or the negative of these terms or other comparable terminology. These statements are only predictions and involve known and unknown risks, uncertainties and other factors, including the risks in the section entitled "Risk Factors" and the risks set out below, any of which may cause our or our industry's actual results, levels of activity, performance or achievements to be materially different from any future results, levels of activity, performance or achievements expressed or implied by these forward-looking statements. These risks include, by way of example and not in limitation:

- the uncertainty of profitability based upon our history of losses;
- risks related to failure to obtain adequate financing on a timely basis and on acceptable terms to continue as going concern;
- risks related to our operations and
- other risks and uncertainties related to our business plan and business strategy.

This list is not an exhaustive list of the factors that may affect any of our forward-looking statements. These and other factors should be considered carefully and readers should not place undue reliance on our forward-looking statements. Forward looking statements are made based on management's beliefs, estimates and opinions on the date the statements are made and we undertake no obligation to update forward-looking statements if these beliefs, estimates and opinions or other circumstances should change. Although we believe that the expectations reflected in the forward-looking statements are reasonable, we cannot guarantee future results, levels of activity, performance or achievements. Except as required by applicable law, including the securities laws of the United States, we do not intend to update any of the forward-looking statements to conform these statements to actual results.

Our financial statements are stated in United States dollars (US$) and are prepared in accordance with United States Generally Accepted Accounting Principles. All references to "common stock" refer to the common shares in our capital stock.

Information Unknown or Not Available; Disclaimer of Control.

Due to a significant number of factors beyond our control, we are not in possession of a number of our general corporate documents and financial historical data and records, and, we cannot obtain the same without unreasonable effort and expense, if at all. We believe these records are in the possession of certain of our former officers, directors, and/or auditors, and, as such, have not been delivered to our current senior executive management following a series of changes in our control and by the repeated demands by our immediate past-president to provide us with the same.

While we believe the information in this Report is accurate; however, without possessing and examining all of our records, our management cannot state that the information contained in this Report is complete. To that extent, we are relying on the disclaimer more fully described in Rule 12b-22 of the Securities Exchange Act of 1934 (17 CFR 240.12b-22).

Non-Reliance on Third-Party Information.

With the exception of the records maintained (i) by the Office of the Secretary of State of the State of Delaware and available on its website or (ii) by the United States Securities and Exchange Commission on its website, if any information in this Report was originally provided to us by a third party or incorporated by reference herein in reliance of any such third-party's statements, we cannot warrant or represent the accuracy or sufficiency of any such information, and, we shall not be held liable for the authenticity of any such third-party information. You may form your own conclusions based on the available information therefrom obtained.

The following is a summary of some of the information contained in this document. Unless the context requires otherwise, references in this document to "our Company," "us," "we," "our," "Signature Devices, Inc.," or the "Company" are to Signature Devices, Inc.

PART I

Item 1. Business

Introduction

Signature Devices, Inc. is a technology company based in Irvine, CA that focuses on the Mobile applications and Internet of Things business. Signature Devices combines the best of the technologies underpinning the popular Morpheus media server, Tazerwear's AI Software, Truck IT's beacon platform with Knoton's hardware, infrastructure and software. The result is a company that blends custom software and powerful hardware IoT-interconnected devices.

History

The Company was organized on July 24, 2002 under the laws of the State of Nevada, as Signature Devices, Inc. ("Signature Nevada") whose business was to create and develop social networking systems. The Company's social networking systems include social networking server software, social networking games and console games. On June 3, 2016 the Board of Directors determined to dissolve Signature Nevada. On the same date Signature Devices, Inc. was organized under the laws of the State of Delaware ("Signature Delaware").

On February 23, 2016 Signature Delaware incorporated Signature Devices Holdings, Inc., a Delaware corporation.

On February 23, 2016 Signature Devices Holdings, Inc. formed and organized Signature Devices Services, Inc., a Delaware corporation.

On February 9, 2017 (the "Closing Date") Signature Devices, Inc. entered into an Agreement and Plan of Merger (the "Merger Agreement") whereby the Company's wholly owned subsidiary, Signature Devices Services Inc merged with and into Signature Holdings, Inc. Upon consummation of the Merger Signature Devices Services was dissolved. The Merger implied a share exchange between Signature Devices, Inc. and with Signature Holdings, Inc. where Signature Holdings received all of Signature Delaware common and preferred stock and Signature Delaware received equivalent shares of Signature Holding's common and preferred stock.

On the Closing Date, the parties executed all documents and filed the Plan of Merger with the Delaware Secretary of State.

Following the Merger, Signature Holdings changed its name, to "Signature Devices, Inc.". Upon the completion of all of the terms of the reorganization, including required filings with regulatory agencies, Signature Devices, Inc. will become the parent organization.

On July 16, 2016, we entered into a non-bankruptcy triangular reorganization and contemporaneous share exchange pursuant to the applicable provisions enumerated in Section 368, et seq. of the Internal Revenue Service Code of 1986, as amended (the "Code").

In February of this year we completed the sale of our subsidiary, Graffiti Entertainment, to Azure Holding Group Inc. This allows us to partner with Azure to launch an Artificial Intelligence cryptocurrency that can be used in a broad spectrum of applications including, IoT devices, Video Games, Advertising and more.

Signature Devices will hold 21% of voting rights as well as free trading shares in Azure Holding Group Inc. The Graffiti assets will enable Azure Holding Group Inc. to integrate a lucrative gaming business and advertising, leveraging blockchain technologies and Artificial Intelligence cryptocurrency monetization.

As part of the deal, Graffiti Shareholders will also receive free trading shares in exchange for their current shares. The two companies will work together to complete the share swap in the next 60-90 days.

In the completed deal, each Graffiti shareholder will receive shares in Azure Holding Group Inc., a publicly traded company. The purchase agreement calls for an exchange of one Azure Holding Group Corp share for one Graffiti Entertainment share (the "Purchase Price"). Signature Devices will receive shares of Azure Holding Group through its current holdings of Graffiti Shares.

During the first quarter of the current year the Company will file a Regulation A+ (Reg A+) in the state of New York, an alternative to a traditional IPO, which makes it easier for smaller, early stage companies to access capital. As mandated by the JOBS Act and introduced on March 25, 2015, Reg A+ gives non-SEC reporting companies the ability to raise up to $50,000,000 in a 12-month period. Throughout 2018 Signature Devices will leverage Reg A+ to provide the capital necessary to execute on our business plan, market our existing products, and continue to innovate in the Internet of Things space.

Industry Overview

The last twelve months of Internet of Things (IoT) forecasts and market estimates reflect enterprises' higher expectations for scale, scope and Return on Investment (ROI) from their IoT initiatives.

Signature Devices is a leading software and hardware development company focusing on the Internet of Things (IoT). Four companies were acquired by Signature Devices, Inc. to form a new entity called Signature Devices. Signature Devices develops and manufactures devices for digital home media management under its Morpheus brand, location beacon and notifications under TruckIt, and IoT hardware under its Knoton brands. The acquired entities are used to create a connected platform for the Internet of Things. The closing date for the transaction was February 1, 2017. Two of the four companies have revenue.

Signature Devices blends custom software and powerful hardware to create IoT-interconnected devices. Signature Devices combines the best of the technologies underpinning the popular Morpheus media server; Knoton's innovative hardware designs suitable for internet of things, home automation and GPS enabled devices; Truckit's beacon platform with Artificial Intelligence based video analysis software.

The Signature Devices Platform is composed of Hardware and Software. The Hardware is designed to be extremely high

quality. Some of the hardware is proprietary to Signature Devices. The software is developed in-house and licensed from third party and then integrated into a single platform. The in-house developed hardware and software is also a candidate for potential patents.

Note 1 - Organization and Nature of Business

Signature Devices, Inc., formerly known as "Signature Devices, Inc, was formed on July 24 2002 under the laws of the State of Nevada. In February 2016 Signature Devices, Inc. merged into Signature Devices Services, Inc. becoming a subsidiary of Signature Devices, Holding, Inc. On the same date, Signature Devices, Holding, Inc was renamed Signature Devices Tech, Inc.

The Company combines the best of the technologies underpinning the popular Morpheus media server, Tazerwear's AI Software, Truck IT's beacon platform with Knoton's hardware, infrastructure and software. The result is a company that blends custom software and powerful hardware IoT-interconnected devices.

Note 2 – Basis of Presentation and Summary of Significant Accounting Policies

Basis of Presentation

The accompanying consolidated financial statements have been prepared by the Company in accordance with generally accepted accounting principles in the United States of America, and reflect all adjustments, consisting of normal recurring adjustments, which management believes are necessary to fairly present the financial position, results of operations and cash flows of the Company as of and for the quarters ended June 30, 2018.

Principles of Consolidation

The consolidated financial statements include the Company and its wholly-owned subsidiaries. All significant intercompany accounts and transactions have been eliminated in consolidation.

Going Concern

The Company's unaudited condensed consolidated financial statements are prepared using generally accepted accounting principles in the United States of America applicable to a going concern which contemplates the realization of assets and liquidation of liabilities in the normal course of business. The Company has not yet established an ongoing source of revenue sufficient to cover its operating costs and allow it to continue as a going concern. As of June 30, 2018, the Company had an accumulated deficit of $11,616,252. The ability of the Company to continue as a going concern is dependent on the Company obtaining adequate capital to fund operating losses until it becomes profitable. If the Company is unable to obtain adequate capital, it could be forced to cease or reduce its operations.

In order to continue as a going concern, the Company will need, among other things, additional capital resources. The Company will continue to raise funds through the sale of its equity securities or issuance of notes payable to obtain additional operating capital. The Company is dependent upon its ability, and will continue to attempt, to secure additional equity and/or debt financing until the Company can earn revenue and realize positive cash flow from its operations. There are no assurances that the Company will be successful in earning revenue and realizing positive cash flow from its operations. Without sufficient financing it would be unlikely that the Company will continue as a going concern.

Based on the Company's current rate of cash outflows, cash on hand and proceeds from the prior sale of equity securities and issuance of convertible notes, management believes that its current cash will not be sufficient to meet the anticipated cash needs for working capital for the next 12 months. The Company's plans with respect to its liquidity issues include, but are not limited to, the following:

1)Continue to issue restricted stock for compensation due to consultants and for its legacy accounts payable in lieu of cash payments; and preferred stock

2)Seek additional capital in the public equity markets to continue its operations as it rolls out its current products in development, responds to competitive pressures, develops new products and services, and supports new strategic

partnerships. The Company is currently evaluating additional debt or equity financing opportunities and may execute them when appropriate. However, there can be no assurances that the Company can consummate such a transaction, or consummate a transaction at favorable pricing.

The ability of the Company to continue as a going concern is dependent upon its ability to successfully accomplish the plans described in the preceding paragraph and eventually secure other sources of financing and achieve profitable operations. These condensed consolidated financial statements do not include any adjustments relating to the recoverability and classification of recorded asset amounts, or amounts and classification of liabilities that might result from this uncertainty.

Reclassifications

Certain reclassifications have been made to amounts in prior periods to conform to the current period presentation. All reclassifications have been applied consistently to the periods presented.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting periods. Actual results could differ from those estimates.

Revenue Recognition

The Company recognizes revenue when earned and related costs of sales and expenses when incurred. The Company recognizes revenue in accordance with FASB ASC Topic 605-10-599, *Revenue Recognition, Overall, SEC Materials* ("Section 605-10-599"). Section 605-10-599 requires that four basic criteria must be met before revenue can be recognized: (1) persuasive evidence of an arrangement exists; (2) delivery has occurred or services rendered; (3) the fee is fixed and determinable; and (4) collectability is reasonably assured. Cost of revenue consists of the cost of the purchased goods and labor related to the corresponding sales transaction. When a right of return exists, the Company defers revenues until the right of return expires. The Company recognizes revenue from services at the time the services are completed.

Accounts Receivable and Allowance for Doubtful Accounts

The Company's accounts receivable primarily consist of trade receivables. The Company records an allowance for doubtful accounts that is based on historical trends, customer knowledge, any known disputes, and the aging of the accounts receivable balances combined with management's estimate of future potential recoverability. Receivables are written off against the allowance after all attempts to collect a receivable have failed. The Company believes its allowance for doubtful accounts as of June 30, 2018 is adequate, but actual write-offs could exceed the recorded allowance.

Intangible assets

Intangible assets consisting of websites, customer lists, content and publisher relationships, developed technology and trade names are stated at cost. Expenditures of costs incurred to renew or extend the term of a recognized intangible asset and materially extend the useful life are capitalized. When assets are sold or otherwise written off due to asset impairment, the cost and the related accumulated amortization are removed from the accounts and any realized gain or loss is recognized at that time. Useful lives of intangible assets are periodically evaluated for reasonableness and the assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may no longer be recoverable.

Internal Use Software Development Costs

The Company incurs costs to develop software for internal use. The Company expenses all costs that relate to the planning and post implementation phases of development as research and development expense. The Company capitalizes costs when preliminary efforts are successfully completed, management has authorized and committed project funding, and it is probable that the project will be completed and will be used as intended. Costs incurred for enhancements that are expected to result in additional material functionality are capitalized.

Note 3 – Notes Payable

During the year ended on December 31, 2008 the Company entered into a promissory note with JSJ Investments for a total amount of $242,500. The Company received the amount of the note on during the same year. As of the date of this report the outstanding amount of the promissory note is $242,500.

The Company also received other promissory note for a total of $309,112 as of June 30, 2018.

Note 4 – Stockholders' Equity

Preferred Stock

The Company's articles of incorporation authorize the Company to issue up to 5,000,000 shares of Preferred Stock, $.00001 par value per share. Our Preferred Stock is not listed on any national or regional stock exchange and is not quoted over-the-counter.

All the 5,000,000 preferred stock shares are issued and outstanding to Twenty-Three (23) shareholders.

We have not subscribed for a CUSIP Identifier for our Preferred Stock; however, the Preferred Stock is maintained on the stock transfer books of Island Stock Transfer.

The voting powers, designations, preferences, limitations, restrictions, and relative, participating, optional, and other rights, and the qualifications, limitations, or restrictions thereof, of our Preferred Stock are as follows:

- Dividend Rate. The holders of Series A Preferred Stock shall be entitled to receive dividends in the amount of 10% (ten percent) of the assets legally available therefor before the payment of dividends to the holders of shares of the Series A Common Stock out of assets legally available therefor.
- Voting Rights. The holders of the issued and outstanding shares of the Series A Preferred Stock shall be entitled to 1,000 (one thousand) votes for each one share of Series A Preferred Stock held by them.
- Liquidation Rights. In the event of a liquidation, dissolution, or winding up of our affairs, whether voluntary or involuntary, the holders of shares of the Series A Preferred Stock shall have priority over our assets available for distribution in the event of any liquidation or dissolution of the Company. A merger, conversion, exchange, or consolidation of the Company with or into any other person or sale or transfer of all or any part of our assets (which shall not in fact result in our liquidation and the distribution of assets to stockholders) shall not be deemed to be a voluntary or involuntary liquidation, dissolution, or winding up of our affairs of the corporation
- Conversion, Redemption, or Preemptive Rights. The holders of Series A Preferred Stock shall have the right to convert their shares of Series A Preferred Stock to Series A Common Stock, with the board's approval at the rate of 1,000 shares of Series A Common Stock for every one share of Series A Preferred Stock owned or held by them, respectively and shall have redemption rights under the terms that shall be fixed, from time, by the written consent of a corporate action approved by not less than 51% of the holders of the corporation's shareholder voting rights.
- Consideration for Shares. The shares of the Series A Preferred Stock issued in future shall be issued for such consideration as shall be fixed, from time to time, by the board of directors.
- Action of Series A Preferred Stockholders. The holders of 51% or greater of shareholder voting rights may affect any corporate action by written consent when the holders of any shares of the aforementioned series of stock act separately or collectively.
- Amendment to Articles of Incorporation. No amendment, alteration, change, or repeal may be made to our Articles without the affirmative vote of the holders of not less than fifty-one (51%) of the shareholder voting rights.
- Adoption and Amendment of Bylaws. The affirmative vote by the holders of not less than 51% of the corporation's shareholder voting rights shall be required to amend or restate our bylaws.
- Recapitalizations Affecting Outstanding Securities. The board of directors may not, without the consent of the holders of not less than 51% of our shareholder voting rights, adopt any plan of reorganization or recapitalization affecting the outstanding securities of the corporation, including, but not limited to effecting a forward or reverse

split of all of the outstanding securities of the corporation or the declaration of any dividend to the holders of any class or series of our Common Stock.

Issuance of Common Stock

Our Series A Common Stock ("Common Stock") is identified and quoted over the Pink Tier electronic intermediary quotation system managed by OTC Markets Group Inc. under "SDVI" (US.SDVI.PK). As of the date of this Report, we are authorized to issue seven billion (7,000,000,000) shares of our Common Stock, and Three-billion fifty three million Twenty-Four Thousand Four Hundred and Seventy-Two (3,053,024,472) shares of our Common Stock, $0.00001 par value per share, are issued and outstanding. The CUSIP identifier for our Common Stock is 82668Y106.

The voting powers, designations, preferences, limitations, restrictions, and relative, participating, optional, and other rights, and the qualifications, limitations, or restrictions thereof, of our Common Stock are as follows:

- Dividend Rate. Subject to the rights of holders of the Series A Preferred Stock having preference as to dividends and except as otherwise provided by our Articles of Incorporation, as amended ("Articles"), or the
- Delaware Statutes ("DS"), the holders of Series A Common Stock shall be entitled to receive dividends when, as, and if declared by the board of directors out of assets legally available therefor.
- Voting Rights. Except as otherwise provided by DS, each holder of a duly authorized and issued share of the Series A Common Stock shall be entitled to one vote for each share held by him. No holder of shares of Series A Common Stock shall have the right to cumulate votes.
- Liquidation Rights. In the event of liquidation, dissolution, or winding up of our affairs, whether voluntary or involuntary, subject to the prior rights and reservations by holders of the Series A Preferred Stock, the holders of shares of the Series A Common Stock can share ratably in our assets, and shall share equally and ratably in our
- assets available for distribution after giving effect to any liquidation preference of any shares of the Series A Preferred Stock. A merger, conversion, exchange, or consolidation of the Company with or into any other person or sale or transfer of all or any part of our assets (which shall not in fact result in our liquidation and the distribution of our assets to stockholders) shall not be deemed to be a voluntary or involuntary liquidation, dissolution, or winding up of our affairs.
- No Conversion, Redemption, or Preemptive Rights. The holders of Series A Common Stock shall not have any conversion, redemption, or preemptive rights.
- Consideration for Shares. The Series A Common Stock authorized by our Articles shall be issued for such consideration as shall be fixed, from time to time, by the board of directors.

Change in Control. On December 14, 2015, our former CEO and Board member and the holder of the overwhelming majority of the number of shares of our Preferred Stock, Kenneth L. Hurley, entered into an agreement with the company; whereby, in exchange for an outstanding debt of two-million ($2,000,000.00) and preferred shares owned by Mr. Hurley, Mr. Hurley would release the company from its debt and assign his preferred shares to Charles Townsend & Inqubus, Inc. in exchange for common stock issuance. The agreement also has allows the company to acquire four companies from Inqubus, Inc. under Signature Devices, Inc. that aligns with the new business direction of Signature Devices, Inc. in the Internet of Things space. As the result of this transaction, a change in control occurred and Charles Townsend, a board member, was appointed as our Chairman, President, and Chief Executive Officer.
