Miles Matthewman

PROFILE

I'm naturally curious and fascinated by people, behaviour, and learning. My goal is to help people augment what they do with my experience in UX and background in EdTech, teaching and business. I have worked on UX projects in education and virtual reality, and developed a sales app.

EXPERIENCE

Masters in Edtech	Blended E-learning Coach	UX / UI Design Program	UX/UI For Extended Reality	Product Design	Masters in UX/UI
2013	2020	2021	2023		2024
University of Bristol	Speexx	CareerFoundry	Edify	Soluis	ESDi

Soluis | Remote — Product Designer *Freelance*

Mar 2023 - Nov 2023

- Led all aspects of an end-to-end UX/UI project to create a sales and marketing tool for luxury island villas in Saudi Arabia.

- Addressed sales rep pain points and showcased how UX could cater to diverse stakeholder needs. Used a user-centred, design thinking process to develop and present ideas and prototypes to all levels.

- Impact: Created an easy-to-navigate, accessible and elegant tool with excellent feedback from sales reps.

Edify | Remote — UX/UI Designer

May 2022 - Jan 2023

- End-to-end UX/UI for education and commercial projects in extended reality for multiple clients (VR | iPad | Desktop).

- Used an iterative, design thinking approach to transform client briefs into immersive and intuitive UX solutions.

- Collaborated closely with product, client, engineering and studio teams through Teams, Jira and Figma. Presented to stakeholders of all levels.

Speexx | Remote — E-learning Specialist & Adult EFL Teacher *Freelance*
Aug 2015 - May 2022 | Nov 2023 - Present

- Leveraged my EdTech expertise, sharpened my empathy and listening skills, fostered engagement & created tailored learning journeys.
