While this means compromises in several areas, in other areas it takes a more premium approach relative to the price tag. Hobby boxes newbie-focused edition come with a pair of autographs as well as a signed patch card. Topps Platinum Football's 2015 base set has 150 cards. 100 veterans are printed on rainbow foil, while 50 newcomers are carried on chrome stock. Gold is a lonely parallel for veterans and dropping one on the pack. Chrome newcomers have a few parallels, though. X-Fractors fall five for the box. Other refractors include Sapphire, Pulsar, Purple, Black, Red (#/25), BCA Pink (#/10), STS Camo (#/10), Printing Plates and Superfractors (1/1). Rookie Autographs is done as refractors, and there are also many parallels that offer a more colorful sheen. Numbered parallel refractors include Sapphire, Blue, Pulsar, Purple (#/25), Black (#/15), BCA Pink (#/10), STS Camo (#/10), Red (#/5), Printing Plates and SuperFractors (1/1). In addition to single-signature cards, there are a limited number of dual signed newbies (#/25) and Hexagraphs (#/10), which are two-way cards with six signatures. Most one-per-box signed Patch cards are newbies. Like basic autographs, all this is done as refractors. They have more than ten parallels, including four different one-of-one Red refractors that have unique stencils of things like Nike Swooshes, NFL Shields and Gloves.Veteran signed patch cards are all serial numbered. They don't have nearly the same amount of parallels, but they still have five that are numbered at 25 or less.2015 Topps Platinum Football also has a couple of other signed patch rarities. Dual signed Dual Patch cards (#/25) have stencils and signatures from a pair of newbies. Platinum Rookie Signed Patch Cards are a case hit and have a jumbo patch piece. On the side of the base insert, platinum die-cut cards are inserted one on the hobby box. BCA Pink and STS Camo Die-Cut ribbon cards return for another year as the case hits. Both die-cut inserts have a very limited number of signed parallels. Zrátané a pod čiarou. Prepracovaný dizajn je určite ťažké nechať ujsť, ale príliv samolepiek je bolestivá a nečakané navyše. Ak sa vám páči dizajn, mohlo by byť lepšie držať za pokles cien na krabiciach. Karta Design: 3.0/5.0Kdeas v minulom roku udrižiava viac-rozpoznateľné vziať na Chrome-ish produkt, v roku 2015 dizajn zaberá veći do zárezu. Výry dymu a veľké logo tímu teraz zaberajú pozadie. Nehovorím, že je môj absolútny favorit, ale je to veľmi oko-lov a mám pocit, že dáva produkt viac osobnosti. Mimo to, že základy základne zostávajú do značnej miery rovnaké s niekolkými refractors pre nováčikov a len jeden pre veteránov. Stále nechápem, prečo gold paralela pre veteránov má hrubšie populácie. Hlavnou otázkou pre väčšinu je a sticker autographs that were ramped up in 2015. The stickers, which were widely considered as the autograph product on the card in 2014, appeared in more limited numbers in 2014, but now appear to be the norm in 2015. There are some hard-signed autographs, but they are few and far between. As last year, there is not much else besides autographs and base/parallels. A solitary insert is a token mini die-cut. Say what you'll be about topps, but always stick to the tried-and-true formula, and it can be a little disappointing. Checklist: 3.25/5.0I have no major qualms about the checklist. Sure, it would be nice if the mid-season report saw more of a transition to new rookie names that place duds or those who see no playing time. Given the 70-subject checklist, there is a bit of filler in the Rookie Autographs set, and that can be a problem because there is a good chance that each box will bring 1-2 of them. While rare, there is also a decent mix of veteran content that covers both younger stars and seasoned vets. Actually, we pulled out a signed patch for C.J. Anderson. It's not a huge hit these days, but it would have been pretty nice to hit last season. Value: 3.0/5.0As what the product offers; autograph stickers rarely go hand in hand with value. However, Platinum has a moderate price despite a total of three autographs per box (we actually pulled four) for around \$80. Plus, there is definitely potential for something big, including on-card autographs or low-numbered parallels. At this price point and three guaranteed autographs, you can definitely do worse. Fun Factor: 3.75/5.0For me, too many products are running together these days and I enjoyed Platinum a little bit more because it stood out. Cheesy and shiny, the only thing that holds it back for me is sticker autographs and limited range. I'd love to see a little more effort in inserting the department. Maybe a few different options per box versus one mini die-cut. One unexpected thing was the fourth hit. Obviously, that doesn't make the product itself better, but it's always nice to get something extra.
