The Critical Reception of The Times of India gave him 3.5 stars out of 5 and wrote: Sathuranga Vetti shows what a good letter can do with a film. The film is a cleverly woven tale of a ruthless fraudster, for whom money is the ultimate goal ... The real hero of Sathuranga Vettai is his script, which, with its twists and turns, keeps us guessing for most parts of the film. Sify wrote: With a terrific script, colorful storytelling and non-standard presentation, Sathuranga Vettai is a wonderfully fresh film that works great. The film relies on intelligent writing peppered with clever dialogues and the fresh appeals of its main actors. H Vinoth is definitely one of the new great finds of Tamil cinema and the scores for its almost perfect script, storytelling and packaging. Here the superb quality of the cinema is perfect for a night at the cinema. The New Indian Express wrote: With a well-designed script, deft treatment, racy tempo and some meaningful lines, director Vinoth establishes his credentials as a writer-director at Sathuranga Vettai, his earliest effort. Weaving a tale around a scammer, he pours into it a reasonable combination of humor, feelings, intrigue and suspense, keeping his attention glued to the screen. She Silverscreen.in: This is a con-film of the highest order. It can also be a book. There is intrigue, laughter, conspiracy and more laughter. At one point, there's a feverish excitement, and the next time, we clap our foreheads in exasperation. It also makes us whistle. It's so cool.' IANS gave it 3 stars out of 5 and wrote: The reason why newcomer Vinota Sathuranga Vettay is an almost flawless film in the genre is that he manages to pump up the audience more than once. This is not a film about people who con, but one about those who get cheated, why they get cheated and how they get cheated. Baradwaj Rangan gave a more mixed review, writing: Vinoth uses a number of tricks to frame his narrative to make us feel like we're watching a really cool movie... What we don't get is the pleasure of cheating. We don't see too many of these movies in Tamil, so newness keeps us watching (it's one of those non-bad for the first movie) - but the cons don't form well. They seem too light (except for the last one), and the victims seem too blunt. Vikathan Award for Best Film at the Chennai International Film Festival (21) - Raghavan, Nikil (January 27, 2014).
