

SUBJECT: 2022MY Tundra Product and Price Announcement

Toyota Motor North America is pleased to announce pricing for the All-New 2022 Toyota Tundra.

2022MY Tundra Overview

With a plethora of adventure-ready, go-anywhere, been-anywhere vehicles cementing its foundation, the all-new 2022 Toyota Tundra is born from a lineage of trucks and SUVs rooted in quality, durability, and reliability. Its predecessors hit the million-mile mark on more than one occasion thanks to a team of engineers who built the truck above and beyond the status quo. What does Tundra do for its next act? It looks long and hard in the mirror and then gets to work. It resists the urge to repeat and rethinks its approach while carrying the knowledge of everything learned along the way. As the third generation of its namesake, Tundra looks to improve upon everything –performance, capability, multimedia, creature comforts and more. It's the all-new 2022 Toyota Tundra, a truck that would make its predecessors proud.

Pricing

It should come as no surprise that the all-new Tundra has been redesigned from the ground up. Every part used to build this truck is new and there's no question this is the toughest, most capable, and most advanced Tundra to date. Spec improvements and enhancements are evident in every grade which were strategically designed to make this truck stand out in an ever-competitive segment. But simply adding new features and technology isn't enough. Special attention was paid to ensuring this truck is worthy of the high Quality, Durability, and Reliability (QDR) standards which are the highest in the segment.

22MY Tundra pricing reflects our mission to offer customers the best full-sized truck on the market at a value that matches or exceeds the competition at every grade level.
