By the bottle £22.95	

*S & P was established in 1986, "Scott and Paul" are brothers and two of eleven siblings brought to Lee Bay from Reading by their parents in 1983. They acquired a rowing boat and some nets and that is where the story began. Numerous vessels later Scott now runs the trawler side with his son/skipper Danny and Paul runs the Lobster and Crab vessel, whilst his wife Clare and daughter Bella run the shop. During your visit you may also meet sons Archie and Benj and daughter Summer who all help out. The Potting boat crewman drop the lobsters and crabs off straight from vessel Our Jenny, you may also meet the trawler crew dropping off some of their catch. We are a traditional fishmonger and shellfish café determined to keep the industry alive despite all the negatives thank you for your visit and your support.*

*If you have any allergies please let the staff know when ordering- only food purchased here can be eaten on the premises – many thanks*
