Mophie phone case

Go to the main content Get free delivery with Amazon Prime Prime members to enjoy FREE delivery and exclusive access to music, movies, TV shows, original audio series and Kindle books. Longer battery life - At the touch of a button your iPhone gets 60% extra battery life. Press the status button of the juice pack when your iPhone has only 20% life left. Let the case do the heavy lifting and power your phone through the rest of the day! With the built-in 1,840mAh lithium-ion rechargeable battery, you have an additional 22 hours of talk time, 16 hours of internet use and 17 hours of video playback. High effect protection - Happens to everyone, your phone accidentally falls off the bed or table surface. It's a humbling experience to see your expensive iPhone destroyed. Keep your phone from drops, and scrape with the juice pack reserve. Its built-in rubberized support pads protect your phone from everyday wear. Level 2 protection indicates that the case can safely protect your phone from falls and hard falls. Protection and charger in a product - Why stop with only a protective case when you can also have a built-in charger? The reserve juice pack not only protects your iPhone from scratches and falls, it can add battery life as well! You don't have to bring bulky energy banks or chargers around anymore. Compact case design -This is the most compact battery case for the iPhone 6 designed by Mophie. It only adds 0.3 inches to the thickness of your phone, and weighs in at under 3 ounces. Even with its distinctly thin and light diet it still provides superior protection. Efficient charging time - Using the included micro USB cable, connect your juice pack to a power source. You can connect it to your computer or any other power source with a USB port. You can even use it with your iPhone charger. What's great about the juice pack reserve is that you don't have to remove your phone from the case. Just leave your phone in the case when charging, as it will charge both at once. Imported from the U.S. ©2020 Walmart Stores, Inc. Stay charged during the day with battery compartments for your iPhone or Samsung device.
