communication are all verbal. Signs differ from others, we already have to feel too rushed to the action approach. To show one example of non verbal communication. In the form of facial expressions, body posture, eye contact, and gestures. When people engage in face-to-face communication, particularly in more formal situations, non verbal communication can play a significant role in conveying messages and expressing feelings. Verbal communication involves words, while non verbal communication uses body language, facial expressions, and other non spoken cues. Examples of non verbal communication include: 

- Facial expressions: smiling, frowning, raising eyebrows, etc. 
- Body language: leaning forward or back, crossing arms, standing close together or apart, etc. 
- Gestures: nodding, pointing, clapping, etc. 
- Touch: hugs, handshakes, or holding hands. 

Non verbal communication is often unconscious and not easily controlled. It can reveal one's true feelings even when words are used. For instance, someone who smiles while telling a story is more likely to be perceived as sincere and trustworthy. Conversely, a lack of eye contact or a stiff posture may indicate a lack of interest or agreement. Non verbal communication is especially important in nonverbal signaling of interest or a world. Universally understood and non verbal communication reveals much more than verbal communication.

Researchers have an example of non verbal communication is critical in shared space. We can be avoided; your nonverbal behaviors are positive. Nonverbal communication failures and misunderstandings occur more frequently than verbal communication failures. For example, stage fright or nervousness can affect the clarity and effectiveness of verbal communication. Non verbal communication is often unconscious and not easily controlled. It can reveal one's true feelings even when words are used. For instance, someone who smiles while telling a story is more likely to be perceived as sincere and trustworthy. Conversely, a lack of eye contact or a stiff posture may indicate a lack of interest or agreement. Non verbal communication is especially important in nonverbal signaling of interest or a world. Universally understood and non verbal communication reveals much more than verbal communication.

In conclusion, both verbal and non verbal communication are crucial in developing effective communication skills. While verbal communication involves words, non verbal communication includes body language, facial expressions, and other cues. Understanding and using both types of communication effectively can improve relationships, enhance understanding, and lead to more successful interactions.
