'THE GREAT DREAMERS'

~NUYU DREAMCOURSE for Children of ALL Ages~

Children are 'THE GREAT DREAMERS' who are very seldom noticed or understood. Most parents do not understand what is taking place with their Children's Dreams or even their own. Sleeping is a reality that Your Body needs, but there 'IS' a lot more taking place than what the personal mind and senses can See. There 'IS' a very special experience taking place as You sleep at night and it takes many lifetimes to WakeUp to The TruReality of YU, The RealU, Your RealAwareness. LifeIS so much bigger than You can ever imagine. What You 'think' of as LIFE, is really what You have considered to be Creation and is not The TruReality LifeIS. Creation is a 'part' of The Whole of Life, because You have to first go thru many steps and stages to eventually Recognize The RealU. You are the one deciding if You want to Recognize more than just a physical body that grows old. Children are very precious as they are being raised. Each lifetime You come into a new body, You are always taking the risk as to what will happen during this present life. It is all a 'roll of the dice' so to speak as to what will happen next with your life on earth and how You will handle yourself here. As You come into each life, You are told and taught according to what is always taking place Now. You are also carrying all your past life ideas, assumptions, feelings, and so much more that are hidden in places You cannot even consider. YOU have a physical body, but what is

unknown to You is that You also have four other unseen bodies that always effect your personal life Here. The RealU takes on these various bodies to gain certain experiences to eventually have a Complete WakeUp with The TruReality LifeIS. You have come thru lifetimes of huge challenges and each lifetime You are given a chance to SeeMore, but for the most part, You are not interested, because your personal life is far too important to SeeMore in any way. Because You have become so attached to your personal self and what it likes, You have to cater to it and maintain what it wants. You are not aware enough to know that 'IT IS YOU' that created YOU! The RealU 'IS' beyond what You can ever imagine, and if You are persistent and Become The Real RiskTaker and Listen to the RealGuidance and Learn The RealEducation that is being shared here, then You can someday Completely Recognize The RealU! ~SING THE NU~U to YOUR CHILDREN~

As You take the time to LISTEN to Your Children and what they tell You about their Dreams, then You and they will Learn and have so many Wonderful Adventures together that You never ever could have on your own. LifeIS ALL About Sharing with each other. Life on earth is not just 'literalized' ideas that sound good, but a TruReality that 'IS' ALLAlive & Real and more than just feelings! When You really do LISTEN to The RealGuidance WWWE Share, then YU, The RealU, are on your way into Real UNUversIS of RealFreedom. YOU already know YOU are The Child at Heart and that your

**body feels older, but there 'IS' something about yourself
that is Not Older... IT IS The RealU! YOU and Your
Children are THE GREAT DREAMERS, and You can Share
Something Wonderful with Your Children that will endure
past anything You can have or accomplish Here! Sing
The NU~U to Your Children as they go to sleep and ask
them what they did Dream when they wake up back
Here. YOU will start to become amazed at what they will
tell YOU! Be open and LISTEN and Life will Show YOU
NUWorlds that You can enter to where, YU, The RealU,
can have a Greater Life than You can ever imagine Here!**

Excerpt NUBook One,

“What happened?” I asked, as I looked at Rebazar, all aglow.

“You are now free to move about in your Real Awareness, without the restrictions of your mind bodies,” he said.

“I feel wonderful. I feel really free for once in my life,” I said, as I was moving about.

“Now that you are outside of the mind completely, there can no longer be any deception of what you have come to know over all the lifetimes spent in the material realms. We will now enter the final two realms before going into, The Real Universes of Purity,” he said. Rebazar, led the way as I followed his light body.

“We are now approaching the upper realms in the limited worlds, that are more suitably humble than the religious heavens and The Gods of Man. You will see and experience the difference. We will meet with the governors of these realms so that you can experience them for yourself,” said RT, as we swiftly moved along.

We entered the next level and came into a world where a wondrous light, exceeded the ones that I had witnessed so far. We were in a place that was especially for the purpose of removing the Ingrams of the mind from ourselves. We were now without any restriction from the secondary causes of the mind, because we no longer had a mind and its influences. RT said the mind is just like a machine without any awareness. We were now Light Beings.

Excerpt NUBook Two,

MY ENTRANCE WITH THIS REALADVENTURE...

Down and down I went from The Real UNUversIS into the darkness of the PsycRealms. I had made the decision and at the same time I questioned myself. As I went thru The Deep Dark Boarder then into the Etheric Realm, I was suddenly with an encumbered body once more. My RealFreedom from The Seventh LifeLevel was now left behind as I had to continue downward into the God Realms of time and space. I could hear the roar of laughter from the Kalaum God as I passed thru the huge Mental Realm. I could feel the intimidation of those asleep to THE ALLLISSS, as I was the one to bring forth what almost no one wanted on the earth, RealTruth & RealFreedom. As I flew ever downward to gain the experiences I needed as a collective impression before entering the limited physical body, I continued to experience the restrictions of the bodies I was taking on once more. As I went thru the Causal Realm, I could sense the memories once again of all those lifetimes of torture and cruelty from the Invented Systems of Kontrol and finally to the life I had on earth before this on as The Golden Warrior. As I continued on, I was feeling the drudgery and involvement of so many minute emotions of the past that were crawling all over me as I went onward thru the Astral Realm and then finally into the vast darkness of the Solid Physical Realm. With the darkened sky in the background, and millions of

stars sharing their light, I could see the earth very clearly as I passed the moon off to my right. As I felt myself being guided to my position of return, I was wondering how I would make it through another tested life on the infamous floating rock, the earth. Closer and closer to the earth I sailed until I went through a cloud layer that was spread so far and wide and high above the vast land masses. I flew with invisible wings from horizon to horizon like a bird looking for its nest. With my great view I could see the dotted lights of civilization everywhere as I soared down into the place that I would be starting my new earthly experience again. It was a very rainy evening in the location of my destination, and at some point I penetrated the walls of some unfamiliar building, then into a room where a woman was lying on her back. I felt very resistant as to being here and I also sensed the presence of others with me...

Excerpt NUBook Three,

"Now for BeingISness, The DisinterestedVU. This is for those with the balanced mind. This is where you become indifferent to all things, to all of this outer life that you live in the physical. You simply surrender to The TruReality that sustains all Life, and you are guided into the right positions for yourself. You still love your family and friends, but you let go of the emotional attachments and your control of those you know, and trust your life to something so much better and greater. This is the act of non-attachment, where you move through your daily life with the senses free from attraction and repulsion where you are simply a spectator of the passing show. It is good to be aware of the passions of the mind that hold The RealU to the lower realms. The idea is to have fun with what you are doing with a light heart. The modern world takes itself too seriously, and so the end result is a serious stress problem. If you observe nature and children, before they are too conditioned, you will learn a lot, because they are free and easy with themselves."

As ReblSar was telling me this, I was dreaming of Ursha and me, and how we liked to play in the ocean with the Dolphins. It is fun being the kid as I am. "I will relate some of the abusive attitudes that hold so many to The Tentacles of TapLines, from The Space Gods and their earthly supporters. These attitudes make up so much of the personal self that people relate to. Until we are invited into

a person's arena to connect them to The TruReality, they are TapLined unconsciously and controlled by the senses and their authoritative offenders. So, for lifetimes people will have to deal with their aberrations on this earthly level, because they have already decided their fate by not making a choice to do better in a RealSense. For the both of you, what I am sharing will help so many as they recognize those things in their life they no longer need. I will give you an outline for the personal self and The RealGuides will take care of The RealU."

"First, is what has been termed as lust, where this attitude becomes a demanding and abusive thing of abnormal desire.

Lust, may include drugs, alcoholic drinks, tobacco, sex, working just for the sake of money only, or even foods which are eaten for their taste and not their nutritional content. It is not that these things are labeled as bad, they merely apply to the lower senses when they become the entire lifestyle of the individual. It does not make sense that a person can have a life different from the one they have chosen, and so it is with what a person occupies themselves with. These things have a bearing on the individual aura around a person and can put holes in the protection of them.

So much of the time it is not the fault of the individual wanting to live his life in a simple and natural manner, but because of the heavy marketing ploys that are all around people in this Tech Era, people are constantly bombarded with the phenomena of supposedly wanting strange desires."

Excerpt NUBook Four,

Duane Confronts the Supreme Deceptor

“Of course you haven’t been here before, SunnyBoy, not even in your dreams. Even your pesky guide friends have never told you about this place, because it is my secret and mine alone. No one on the earth and all the levels knows that this is my true home, because they do not dare find me. Your guide friends know I exist, but they do not want to alarm people, so they will not divulge me, because I am way too scary for most. You had to find out for yourself the same way you met my ‘pet’ The Influence. I only let the world see what I want them to see of me, and that is what I portray for the masses as my performing deities who make sure I continue to exist, or they will not exist. I am like ‘The Ultimate Phantom of The Opera,’ which I will take credit for writing and having been produced, because I love to ploy the world into thinking that when there is strange and weird drama there must be some hidden meaning. Ha, ha, ha, what fools the MindLovers can be, but it is all the so-called fools that I must unconsciously have for me to become alive in the worlds of my creation known as Maya. All the diabolical stunts and tricks and goodyness originally came from me, I have done it all. So much so that what exists today with all the social weirdness is a bored society that strives to be rid of itself through over consumption. I lay claim to all of them, because I am the biggest and most powerful egotistical brat alive, because all the creatures in the material realms

demand it to be so. Even the Kalaum God is my puppet, and he must be so or he will have nothing. What he desires gives me my life, and what everyone else desires because of him, and what he does furthers my own experience with commanding everything that is created. I am the original creator, not the 'front men' that have taken credit for what I have done. In the beginning there was only darkness, and I was that darkness, as it had to be so or nothing could be created. You know this already, NUMAN, because there is nothing that is created in what you term as The Real Universes. But, I would not know of such things, because I am the fulfillment of all that can be created and sought to be something it is not," he said, as he laughed and laughed.

- **Eva sings the NUSound with Birds**

Excerpt NUBook Five,

Ursha and I sang The NU-U several times, then we were both high above the TreeHouse. It is so much easier to transcend the other bodies once you are out of the physical. She motioned for me to follow her, and in a matter of moments we were in an endless sky. Then, she stopped, as I looked all around. There was nothing but blue sky everywhere, from the top of us all the way down into a bottomless atmosphere.

“It is here that The Secret Universal Files exist, but only for us and The RealGuides. This area and position we are in cannot be accessed by those who have not been to The Real Universes, and granted permission to explore these files. Part of The Secret Files are actually multi-parallel created matrix structures, from a formed agreement of consciousness. At first, where I am taking you will seem rather odd, until you begin to understand what has already taken place from what multitudes of unaware souls have done to themselves. We are here to provide the knowledge of what the humans have locked themselves into, so they can better understand how to get themselves out and into Wonderful Universes,” she said, as she put her hand forward and outlined an opening for us.

Excerpt NUBook Six,

As a protection against shame and punishment, each person establishes a guard over their subconscious realm, which they are usually unaware of, that is always trying to make them do something out of their lower nature. This established guard is known as the Censor. It is you might say, many times at war with the ego, the outer established persona, that likes the Pleasure Principal and all it desires, but at the same time becomes repressed over what the Created Censor has established from the choices of the individual. Also, between these two aspects of the mind is another principle which acts as the referee that tries to get the Censor and the ego to adjust the differences between them, which would be The RealU, once a Recognition of what is transpiring takes place. This is where YU Become MoreAware and WakeUp to what YU have created and take control of your life instead of being Kontrollled by the Outside Dualistic Forces that dominate time and space. For most people, it takes a lot of intensive training to see through all their own self-made illusions. The Censor is the conditioned side of the individual, like with those who have a set moral upbringing and a Conditioned Conscience, which wants to deny the pleasures of the ego, or that which would possibly do harm to it. It would be like a man or woman that has been brought up through religious morals and will not have sex before getting married, even though the ego is wanting to have the sex or lust for the other person, the

moral side, the Conscience will not allow it. So, a conflict begins within a person as to what they want and what they supposedly know is best for them. This is where the Pleasure Principle and the Censor face off. Thus, creating dreams of a similar nature that involve the conflict of the two aspects that have been actually created by each person according to what they accept is their reality. All of this is personal experience, but because of our social upbringing, we are all exposed to certain ideas and ideals as our life continues here. The old saying, “Let your Conscience be your guide,” will work if one is possibly the most honest and humble person on the planet, but if they were raised by thieves and murders, those agreements and actions according to the Pleasure Principle, the Censor and Conscience, would be definitely different.

**The RealGuides are not there
to fulfill all your wishes.
The RealGuides teach you
to become more aware.**

Excerpt NUBook Seven,

The Biggest Challenge to Have RealFreedom

The biggest hurdle all of us have is facing our fears. Our fears actually stem from the creations we have each made.

Not so much so those things we have built on the earth, unless, as an example, the house one builds falls down while they are still inside. The biggest challenge are those ideas and things, and especially relationships that each person has agreed to that soon haunt a person. But, if one runs from their own creations, then they will run for lifetimes not knowing what is chasing them, as it will always seem to be some dark shadow that is following them. Here is where the intellect and the emotions become engaged and take the longest time to figure out. A well educated person can live moreso in their Literal Sense and push the emotional part aside, thinking in their mind they have overcome what they have created, usually something from past lifetimes they cannot remember or recognize this time around. Each of us must learn to face what bothers us as a Real Challenge, then and only then will we be ready to meet our RealAwareness. The RealU. To simply hide from what is happening on the Earth today is to not finish the course each person is here to understand and accomplish. We are each here to recognize all the parts of The Whole of Life, not just the ones that suit the emotional and mental parts of the various vehicles we occupy.

Until one is ready to take on the biggest challenge of meeting themselves in The TruSense, then it does not make sense that they can simply skip to the finish line in The Real Universes of Life.

Excerpt NUBook Eight,

“You are going to learn a lot about where you are and what we can do, Young Duane. First off, there is no time here as you know it on the SurfaceWorld of the humans. Time is merely a decided idealism the humans have contrived to enslave themselves to their daily routines of mainly wanting something. When you return to the surface it will be the same moment as when you left, so enjoy your stay with us and you will learn a lot. Besides, you will like being with us instead of your boring mother and surface buddies. You can get up now and come with us if you would like to see what else there is here,” she said, as she reached out her hand for mine, and then pulled me to her.

Miss Ursha was young like me, all the girls were. All of them held me next to them and swam me along as I looked over this wondrous world of underwater beauty. I would have thought it would have been dark down here, but it was like daylight. Everything had a vibrant turquoise tint of colored light to it, just like in those pictures you see of tropical islands and the ocean all around them. As I looked up, I could see the sun gleaming brightly through the reflectiveness of the water and down to all the bottom. This was suddenly a magical moment in my life, as I went along with the experience.

Excerpt NUBook Nine,

WakeUp with what I am presenting here, or keep doing what you have always done and you will keep coming back here and also have forgotten you were ever here! Your Choice! As I am looking over The UNUversal Files with ReblSar & Pall, I am putting together this story and The RealAdventure I am sharing with you Now. I am in My RealAwarenisss, the FreeBeing of RealLight, I IS on The Seventh LifeLevel with The TruReality, THE ALLLISSS. Here is where The UNUversal Files become very interesting, and that is, they are not files like you have in an office or on your computer, they are in The ALLAlivenisss LifeIS, and YU have to Recognize & PerSeeve them, and this is the Fun part. This is why the Kronee Joanee MemberShrimps are still so Stuck & TapLined with HER, because they are so Literalized, Dumbed Down and Afraid, and so they cannot See The Real UNUversIS, only Harry and his picture! Many of then 'think' they are exalted, but actually they are experiencing what SHEE wants them to have, an Astral Sensation of being something. It is here in The Real UNUversIS that the mind does not and cannot exist, so this is why most people will never be able to See where I am and what I am really doing and presenting with The RealGuides on the earth at this time.

THE GREATEST ADVENTURE OF ALL...

History has provided all of us with a lot of experience and knowledge to try and better understand ourselves and why we are here. The REPSystems have attempted to put together what they seem to think is the right course for all humans to go by and attain, but this is in no way true. Once a person is able to leave their personal embodiment and explore The Real UNUversIS of Unseen Endlessnisss, they will see this world as a speck in the spectrum of the material realms along with those idealisms that have plagued mankind for centuries. The Real UNUversal Guides provide RealExperience to show each person what is 'actuality' with themselves and not just relating ideas to 'believe' in. The Great Adventure is The Real RiskTaker Position of experiencing what most people will not. Beyond all that can be had here, there is so much more that will never be known from the human awareness alone. Those who are fortunate to meet with The Real UNUversal Guides will discover What IS Real Now. Take The Risk... YU will be glad YU did!

THE TRUCOMPLETETION COURSE...

This is The Great Gift of THE NUMAN AND THE NUWAVE. Everyone has access to The NUSound, The NU-U, and use the service, but for those who become The NUStudents, they will have Unseen Wonders given to them as they begin to take their Journey to RealFreedom. This IS Real Now. Simply test The NU-U Sessions and decide to Take The Risk!

BEINGREAL...

This NUPresentation cannot be defined with the old labels and categories of the past and those that have come along from the inventions of the personal mind. Beyond all that is good, bad and different, IS BEINGREAL. This position is like Being the Sun, shining upon all and asking for nothing, because once a person has attained and lives The RealLight of BeingISness with the assistance of The Real UNUversal Guides, they will live in any

world or universe they wish without any restriction and always have Total Freedom wherever they go. It is possible this lifetime...GUARANTEED!!

YAUUBLE (YAUBLE SACABI,) GOPALL (GOPAL DAS,) FUUBBI (FUBBI QUANTZ,) LAIS (LAI TSI)

These are some of Real UNUversal Guides who assist THE NUMAN in presenting The NUPresentation to this world and many others.

THE ALLLISSS...

This IS The TruReality everyone is looking for. IT lies somewhere hidden behind the fronts and scenes that have been manufactured by the REPSystems who are at the mercy of the Gods of Man and the Lords of Karma. There is more to Life than Creation.

REALFREEDOM...

This is the position all The Real UNUversal Guides have with The TruReality LifeIS, and they are making this opportunity available right Now to others. The RealGuides take over the karma of their NUStudents from the Lords of Karma and make sure it is worked off in this lifetime. The RealGuides provide The RealGift for ALL!

NUSTUDENT...

One who is studying the writings of THE NUMAN and practicing The RealConnection, The NU~U Sessions.

REALGUIDANCE...

Unlike the systems of the earth and what is taught here, The RealGuides provide a directness and assurance not found amongst the REPSystems with their dictators and rulers. There are many levels of guidance, but only ReblSar and The Real UNUversal Guides are direct with THE ALLLISSS.

DREAMVISIONS...

These are the nightly experiences and episodes one has with The RealGuides where The NUStudent is taken to Unseen Worlds and shown The UNUversal Files and all that is Real and True. This is the first steps to The Real UNUversIS of THE IS.

THE THREE LOWER LEVELS...

These positions entail the physical material RoundWorlds of human residence and unawareness as the lowest reality of phenomena in life. Above this is the Astral Heaven where most people go after their departure from the earth or other RoundWorlds, where the brother of the Kalaum God rules as Lord Jehovah and other identities bestowed upon him. Above The First Heaven of Man is the Causal and Mental Worlds ruled by Lord Kalaum, the god of all faiths and beliefs of the lower levels. The Two Heavens of man reside as the destined destinations of all unaware Souls who will 'meet their maker,' so to speak in their afterlife and be directed by the Lords of Karma as to where they must go and continue their lower process until they one day meet with The Real UNUversal Guides to take them into The TruReality LifeIS.

THE TWO HEAVENS OF MAN...

The Astral and Mental Worlds above the physical realm. Wonderful places to visit, but without The RealGuides, one will be returning for more lifetimes of searching for The RealLight of THE ISSS. THE NUWAVIS HERE & NOW!

THE REPSYSTEMS...

Religious, Educational, Political and SciFi- Social Systems that have been established by the whims of the human mind. Because these systems use the best resources, they have the best fronts to present to the unaware public. It is for sure an honest mistake most people are making, but one of choice.

JEHOVAH...

Brother of The Kalaum God, ruler and god of The Astral Worlds. He is a little bit nicer than his brother, the Kalaum God Grog.

TAPLINING...

These are the unseen connections made by the Dark Forces and their Korporate Kronos to Kontrol unsuspecting souls who rely on their ignorant position of looking to the Invented REPSystems and their Gods of Men for their livelihood. TapLines are placed in mainly the Astral Body as people 'Agree' to deception, such as the HeadMasters of Korporations who lure people into MemberShrimps.

THE LORDS OF KARMA...

Assigned to make sure each unaware Soul gets their due rewards and punishments in Karmic Creation.

SOUL...

Those lost and unaware individuals who are originally from The TruReality LifeIS, THE ALLLISSS. Until one Becomes NU with The RealConnection, they will continue to recycle into brand new bodies unconsciously until they meets The Real UNUversal Guides. YU Now have a Real Opportunity like never before to Become MoreAware and Totally Free, but YU must take The Risk or stay the same!

HUMAN HISTORY...

The events of the past that all of us have been through and lived before. When our present Human History of this earth is looked at closely it is seen that many of the establishments of today were directly from Purposely Planned conflicts and takeovers that have become common place. The decisions that were made way back when are Now what most people are living and Waking Up to.

THE NUPRESENTATION...

This is The TruCompleteness provided as a RealService by THE NUWAVIS THE NUMAN for those who are ready for The Greatest Adventure of their life and REALFREEDOM.

THE UNUVERSAL FILES...

Secret and accurate documentation of all historical and present events which are accessed by The RealGuides only. All The Real Evidence of the REPSystems can be experienced by those who are granted access. YU can do this for YU!

REBISAR (REBAZAR TARZS) AND THE REAL UNUVERSAL GUIDES...

PALL (PAUL TWITCHEL...) Received THE ROD OF POWER in 1965 from Rebazar Tarzs, then Paul started Eckankar, The Ancient Science of Soul Travel. Paul left this realm in 1971, and The Real Guides asked Darwin Gross and then Harold Klemp to step in. Both of these men created EEkonkar, Science of Astral TapLining to be a Godly Religion. The RealGuides have stepped back from them as Paul's original creation has become another watery path of no concern and no Real Freedom. In the presence of Harold and his subdued Reptilian Joanny, Duane was given The Rod of Power from Paul Twitchell in 2001, as Rebazar Tarzs & The Real UNUversal Guides were present.

THE NUWAVIS THE NUMAN...

Rebazar Tarzs taught Paul Twitchell and Duane for lifetimes to come into this present era to provide The NUPresentation. Paul decided his title as he established his presentation, and Now Duane is THE NUMAN. Rebazar gave Paul THE ROD OF POWER in 1965, then Paul gave it to Duane in 2001, for the first time. In 2007, Rebazar Tarzs gave Duane THE NUWAVE for the second time. THE NUMAN AND THE NUWAVIS are The Real Connection to The TruReality LifeIS, THE ALLLISS.

THE REALCONNECTION...

Once a person has been accepted as a NUStudent by The RealGuides, after their initial trial period, they are then taken to The Seventh Level of the first Real UNUversIS and exposed to The PurSound and Light of THE ALLLISS.

THE NU~U SESSIONS...

When Paul was here he had his techniques, and so it is with The NU~U Sessions. Doing The NU~U Sessions at least once a day before bedtime connects one in their DreamVisions to The RealGuidance RealSide LifeIS. Sit in silence for 15 to 30 minutes and just relax without doing anything. Look for The RealLight and listen for The Sound of THE IS, then softly Sing... "NU~U~U~U and draw it out"

THE NU / UTUN...

The RealAwarenisss, The RealU that Becomes NU when The RealConnection is made by The Real UNUversal Guides. A soul is unaware until they become 'NU.' Also 'Utun & YU.'

REAL EXPERIENCE...

This is where we are shown What IS Real Now as apposed to just reading something and then 'believing' it to be so. With RealExperience we eventually have our own life without any restrictions from the three lower levels and the Authoritarians.

THE THREE HEADED GOD...

First off is The Benevolent Head, which is the one most seen by the public. It shows itself as humble and caring and bestows a supposed concern for all, while in the unseen background lurks the two other supporting heads. The Hard Head, known as the evil one or the serpent. This head comes out when people need to be intimidated into 'believing' in it and what it is deciding. Then as it has its say, The Benevolent Head once again returns to the surface to continue the daily politics. The Influential Head, is the most devious and cunning of the two and actually rules

them. It never really shows itself in the same manner as the two others, but is always present as it binds those who are in agreement to its influences. This world is mainly operated by The Influence.

THE GODS OF MAN...

These entities are the governors, the lords and rulers within the Two Heavens of Man that most of the unaware keep thinking is The TruReality. These creatures oversee The Dualistic Powers of good and bad and they do not promote The Real Connection, The SoundLight Reality of THE ALLLISS. These gods are also known as the Space Gods, as their job is to make sure all Souls stay unaware of The Real UNUversIS of Real Freedom and PurLight.

THE ROUNDWORLDS...

The lowest order of life on small and insignificant rocks in black space unaware humans think of as Life, but are actually a 'Place in Life' for educational experiences like prisons for captives. RealGuidance & RealEducation allows one to escape.

THE KALUAM GOD...

The Lord God of all the followers of the Belief Systems on earth and up to The Mental Worlds. His identity will differ from faith to faith, but they are all still him. He is The Three Headed God with the Deceptive Faces of Benevolence, Fear and Influence.

THE AUTHORITARIANS AND BRUTALITARIANS...

These people (The REPSystems) and their contrived agencies are The TaskMasters for The Gods of Man on earth. They make all the rules and regulations to make sure all the unaware humans stay asleep to The TruReality and never escape the drudgery of reincarnation and karma and their 9 to 5 boring jobs. In our modern society these offenders burden people as slaves to paperwork as one way to keep them confused along with all the worthless political issues of the day. These stinkers especially love people who are couch potatoes.

DREAMARENA...

This is usually a person's own Dream Worlds and their decided areas of experience besides their physical life.

SPIRITUAL...

A term widely used for eons as the identifying label as something divine, and so it is with those who practice all the religious, political, occult and various psychic sciences, but has nothing to do with The TruReality LifeIS, THE ALLLISSS, nor The Real UNUversal Guides. The RealGuides do not recognize the shortcomings of what humans have invented and look to as Something Real. The RealGuides provide 'What IS Real Now' moreso than 'spiritual' things.

BELIEF, FAITH AND HOPE...

These three are The Trinity of the REPSystems, those who have established these ideas firmly in the subconscious of their followers for lifetimes. They only apply to the first three levels of life and do not exist in The Real UNUversIS where there is only REALTRUTH & REALFREEDOM, THE ALLLISSS.

TAPLINING ALIENS...

This world is finally Waking Up to what has been taking place for eons, TapLining! As each one of us have our own journey, those who have become the most Deceptive and Corrupt are now living a life they never wanted, but they have become the Effect of what they have created for themselves, and because they have, they are trapped into a continual downward spiral. They are the Reptilian Alien TapLiners and they have been in Kontrol of the earth! FOR MORE INFORMATION ABOUT WAKING UP NOW...
