Webinar Series: Admissions During Covid-19

Presenters:

5:05 to 5:10 pm:

Andrew Hull from Shoreline Community College

5:10 to 5:15 pm:

Ling Zhang from Central Michigan University

5:15 to 5:20 pm:

Michael Groen from Marquette University

5:20 to 5:25 pm:

Jameela Abdullah from Kent State University

5:25 to 5:30 pm:

Kit Klepinger from Winona State University

5:30 to 5:35 pm:

Sarah Algaradi from Trine University

MONEY

“

I started at Shoreline when I was just 16 years old in the High School Completion Program. This program allowed me to work on finishing my high school diploma and begin my college-level studies at the same time. Shoreline Community College played a huge part in getting into my dream school, and because of the academics and support at Shoreline, I feel prepared to be successful at UC Berkeley.

COVID Response: Fully Online Learning

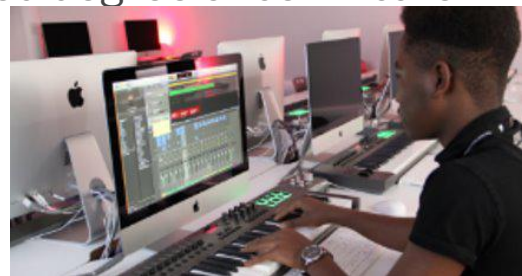

Learn a new skill, improve one you already have, or start a whole new program – all from the convenience of home! Shoreline Community College can help you earn a U.S.-accredited degree or certificate without leaving your home country.

2+2 Transfer Program Courses:

Shoreline is offering our 2+2 transfer degrees online. Earn your Associates degree from you home and transfer to universities across the US!

Professional and Technical Degrees and Certificates:

From 10-week certificates to two-year associate degrees, professional-technical training gives you the skills you need to enter a job in a specific field or update your on-the-job knowledge.

“

When I started applying to four-year universities, the advisors at Shoreline encouraged me to apply to schools that I never thought I would get into. Through their support and encouragement, I was accepted into engineering programs at Purdue, Georgia Tech, Arizona State, and University of Washington. Looking back, I wouldn't be where I am today without Shoreline Community College.

Shoreline helped me grow personally and academically, and ultimately helped me believe in myself.

”

Aigerim Shintemirova
Almaty, Kazakhstan

Transferred to: University of Washington

Major: Electrical Engineering

Current Position: Associate Engineer in Systems Designs at T-Mobile HQ

When can I start?

- Quarter System
- Terms are typically 10 weeks
- Apply **any** time!

Term	Preferred Application Deadline (Outside U.S.)	International Student Orientation	Classes Begin
Winter (January)	December 1	January 2	January 8
Spring (April)	March 1	March 30	April 6

STUDENT EXPERIENCES

Zach Ng: “I love the smaller, quiet town where most of my time is spend sitting with friends over coffee or boardgames. The community is excellent; there are many great inspiring loving people in WSU.”

Echo Huang: “It’s the right college for a reasonable price, which is why it has been ranked among America’s 100 Best College Buys. I am so appreciative of my education at Winona State University.”
