Choose love counseling curriculum

The Love Enrichment Program for Pre-K Grades through Grade 8 are complete and available now. Programs for high school are expected to be ready by early spring 2017. Please download the grade levels that interest you from the links to the left of this page. We are working as fast as we can to achieve the balance of the material. If you have any questions – please let us know! We'll send you updates as the program evolves. The Jesse Lewis Choose Love Enrichment Program is a social and emotional classroom program (SEL) that teaches children to choose love under any circumstances. The programme focuses on four important values – courage, gratitude, forgiveness and compassion – that cultivates optimism, resilience and personal responsibility. Children learn that choosing love means choosing to live a life with courage and gratitude, practicing forgiveness and being compassionate individuals. Being able to choose love promotes your resilience in difficult times. As a result, children learn personal responsibility and understanding that they always have a choice in how they respond. They realize that they can choose to love themselves and others, and the program teaches them to do that. The full program is launching Fall 2017 but you can start using it today. Grades Pre-K to 8th Grade available now. (See links in the sidebar). High school soon.. Launch of the pilot program We are delighted to announce that we have launched the Pilot Love Enrichment Program choose! A small group of educators will be part of a select pilot group that will provide us with more specific feedback for research and development purposes. This is your chance to help shape your final development. Give us your feedback and help shape the pre-eminent social and emotional learning program (SEL) that will teach the World how to choose love. A free SEL resource for educators around the world, created by educators for educators. Pre-K Comprehensive Curriculum in Grade 12 Aligned with common core state standards Aligned with American School Counselor Association Mindsets and Behaviors for Student Success Creative and engaging lessons that are a lot of FUN to teach Access to a multitude of resources that go beyond lesson plans Right age Easy to customize
