Families of U.S. service members killed and wounded in Afghanistan are suing several companies that have made the reconstruction there. Why? These companies, they said, paid the Taliban money to protect them, giving them funding and the ability to attack U.S. soldiers. A look at the dirty, complex and heartbreaking compromises of conflict zones. September 23, 2020 - 11:00PM August 31, 2006 - 1:03 P.M., Google Book Search gives you the opportunity to read or even download the full text of many uncopyrighted books, including Hamlet, Aesop's Bass, Inferno, and many others. Here's the news on Google's own blog. If you are looking for an current book and you also don't want to pay a dime, you might consider a Mooch book. And if you're wondering where to start with a new author, dead or alive, you can check out Debbie's idea. I'm sure many of you who have read this blog have other good information about online literature, so feel free to share in the comments. (To discuss related issues on this blog, see here.) 'Previous PostAnother' take on Floyd Landis Next Post Another Kick in the Teeth for Wikipedia Freakonomics is a film version of one of the best-selling books by Stephen Levitt and Stephen Dubner. He examines human nature through the science of economics with provocative and amusing case studies. Assembling a dream-team of filmmakers behind some of the most entertaining documentaries of recent years, this film probes some intriguing life issues, including whether a child's name could affect their future success, if legalizing abortion reduces crime, and whether children can be bribed in achieving higher grades. These and other ideas are tested in a fascinating and convincing manner.
