Social Security Scammers: A Sundance resident received a phishing email pretending to be from the Social Security Administration. The email came from "support-76680752" with an "aliceadsl" domain and had the subject "Your Statement is Here: ID-76680752." It claimed to provide an "enhanced" Social Security Statement and urged the recipient to log in via a link to review their benefits. The email included standard-looking SSA language about checking earnings records and retirement projections, but it was fraudulent. *CyberWyoming Note: The SSA will never suspend your number, demand payment, or ask for personal info via email. Most legitimate Social Security emails come from a ".gov" email address. If an email uses a non-.gov address, avoid clicking links or opening attachments. Always report suspected Social Security imposter scams, and other Social Security fraud, to <https://oig.ssa.gov/report/>.*

Fax Scams Are Still Alive: A Laramie resident recently received a fax claiming to be from the Deputy Minister of Energy in Russia. In the message, he stated that he needed \$45 million to help him and his daughter flee the country. He claimed his wife died during childbirth and that the money was for his daughter's future. The fax ended by asking the recipient to keep the request secret and not to tell anyone. *CyberWyoming Note: Government officials, foreign dignitaries, or organizations will never contact you by fax or email to request personal financial help.*

***If abuse, neglect, abandonment,
intimidation or financial exploitation
of an older adult is occurring,
report it to Adult Protective Services.***

Basics of what DFS/APS can do:

- If an abuse/neglect case is reported and opened, an APS Caseworker will respond within 24-72 hours, depending on immediate danger or impending harm.
- APS is mandated by statute to notify law enforcement.
- An APS Caseworker will interview the vulnerable adult to determine the facts of the situation.
- APS works with the vulnerable adult regarding availability of community services he/she is agreeable to receive in order to ensure his/her safety.

Basics of what DFS/APS cannot do:

- APS cannot force anyone to accept help, adults have the right to refuse.
- APS cannot force anyone to reside in a nursing home, APS is committed to keeping vulnerable adults as safe as possible, in their own homes.

How to make a report:

Call (307)777-7564 or click on dfs.wyo.gov/about/contact-us/
This is a link with contact information to each community in Wyoming that has a DFS office. APS abuse/neglect reports can also be made by contacting law enforcement in the community where the abuse is taking place.
