

Key Services we Offer via Cooperative Ecosystem Consultancy

To leverage the *Cooperative Ecosystem* activity, Euroglobo-Art offers consultancy services that focus on fostering collaboration between diverse organizations, sectors, and individuals to achieve common goals. Below, we outline key services we sell.

Our consultancy services we offer could revolve around building ecosystems that enhance collaboration for innovation, sustainability, and growth. Here are the specific services:

1. Ecosystem Design and Development

- **Service:** Euroglobo-Art helps organizations, industries, or/and sectors develop cooperative ecosystems by designing frameworks for collaboration. This includes establishing networks, creating governance structures, and identifying shared goals.
- **Target Clients:** Nonprofits, government agencies, corporate groups, industry associations.
- **Pricing Structure:** Consultancy fees for ecosystem design and ongoing facilitation.
- **Estimated Fee per Project:** €15,000–€40,000 depending on the scale and complexity of the ecosystem.

2. Innovation Hubs and Partnership Development

- **Service:** Euroglobo-Art develops innovation hubs or centers where diverse organizations collaborate to promote innovation and sustainability. This involves designing physical or digital spaces, managing partnerships, and facilitating knowledge sharing.
- **Target Clients:** Corporate groups, universities, government innovation departments.
- **Pricing Structure:** Consultancy fee for hub setup, with the potential for a retainer-based management fee.
- **Estimated Fee per Project:** €20,000–€60,000 for setup, with potential monthly management fees of €2,000–€5,000.

3. Sustainability and Growth Strategy Consultancy

- **Service:** Offer strategic planning services focused on sustainability initiatives that leverage cross-sector collaboration. This includes

developing sustainability goals, identifying key stakeholders, and creating action plans for long-term mutual growth.

- **Target Clients:** Corporations, NGOs, government bodies, sustainability organizations.
- **Pricing Structure:** Strategic planning fees, with the possibility of performance-based bonuses.
- **Estimated Fee per Project:** €10,000–€30,000, with potential for a percentage of profits generated from collaboration.

4. Community Building and Networking Solutions

- **Service:** Euroglobo-Art assists clients in creating and managing communities that focus on shared goals and mutual benefit. This includes designing networking events, online platforms for knowledge exchange, and ongoing community engagement strategies.
- **Target Clients:** Industry associations, professional networks, government agencies, nonprofits.
- **Pricing Structure:** Fixed fees for community setup and facilitation, with potential recurring revenue from managing platforms or hosting events.
- **Estimated Fee per Project:** €8,000–€20,000, with potential for retainer-based contracts for long-term community management (€1,000–€3,000 per month).

5. Collaborative Event Planning and Facilitation

- **Service:** Euroglobo-Art offers event planning and facilitation services for collaborative workshops, summits, or conferences that bring together organizations from different sectors to work on shared goals (e.g., innovation, sustainability, social impact).
- **Target Clients:** Corporations, industry groups, government bodies, NGOs.
- **Pricing Structure:** Charge a flat fee for event design and facilitation, with potential commissions on event ticket sales or sponsorships.
- **Estimated Fee per Project:** €5,000–€15,000 for event planning, with potential commission on sponsorships (5–10%).
