From 10 to 19 years old

DATES:

JULY

EXPERIENCE DURATION:

10 days

DONOSTI CUP
INTERNATIONAL FOOTBALL
TOURNAMENT

INTRODUCTION

The Donosti Cup is much more than a sporting event: it is an experience that unites people from all over the world around the passion for soccer, creating memories and friendships that last forever. Join us and be part of this incomparable soccer adventure!

With a participation of more than 10,000 teams and 150,000 players from 70 different countries, we have held more than 20,000 soccer matches. Since its founding in 1992 its commitment has been to organize a unique experience for all participants.

LOCATION

San Sebastián

Welcome to the **Basque Country**, one of Europe's most fascinating regions — where passion for football meets breathtaking landscapes, a vibrant culture, and world-renowned cuisine. This will be the destination that hosts our families and players during the **Donosti Cup**, one of the world's **most prestigious international youth football tournaments**, held in the beautiful city of San Sebastián (Donostia).

San Sebastián, nestled between green mountains and the Cantabrian Sea, offers the perfect balance between sport, tourism, and relaxation. Families will enjoy its iconic beaches — such as La Concha Beach — charming old town streets, and exceptional gastronomy, while cheering on their players in an unforgettable football experience.

The **Donosti Cup** brings together teams from more than 20 countries every year, turning the city into a multicultural meeting point where values like respect, friendship, and fair play come to life.

In addition to the tournament, our packages include **exclusive experiences for families**: guided tours of San Sebastián, excursions to beautiful coastal villages like Getaria and Hondarribia, and pintxo tastings in traditional Basque bars.

Live a once-in-a-lifetime experience where football, family, and Basque culture come together to create memories that will last forever.

My son had an incredible experience playing against the top competition in Spain including Liverpool’s Academy. There is nothing that compares to the type of environment that X&I Sports offers. My son grew not only as a player but as a person...leader and teammate. If you’re looking for an overseas experience...believe me...this is it.

- High level games. Good coaches, overall great experience.
- The variety of competition and high level. The training sessions.
- The opportunity given to children to compete in high level
- Everything was great
- Number of games, training in Girona, friendly games
- great coaching great experience
- Getting to play with top level kids against top level talent and also not being in one place the entire time. Traveling through Spain was great

OVER 80 KIDS HAVE

★★★★★

Thank you Xavi & Ivan. It was an excellent experience for my son and it was good times spending it with all the families. See you all soon in Miami. Good Luck XI!!!!

“Our experience with XI Sports Events was excellent.

From start to finish, everything was very well organized, and we always knew what to expect.

The stay was highly recommended, and the level of competition was exactly what we were looking for.”
