

MIC FOOTBALL TOURNAMENT

AGES :

From 12 to 19 years old

DATES:

Easter Break
(Spanish Spring Break)

EXPERIENCE DURATION:

7 days

INTRODUCTION

For more than 20 years, the formative soccer lives a great party every Easter on the Costa Brava. The MICFootball is an international tournament created with the aim of bringing together young players around a common passion: soccer.

All the young footballers who go every year to participate in the Mediterranean International Cup have a dream: to emulate players like Messi, Lamine Yamal, Cole Palmer or Rodri. Today they are established stars, but not so long ago they started to shine in this grassroots tournament.

All those who attend the MIC have the opportunity to experience a few days that they will remember for the rest of their lives. For the atmosphere, for the organization, for the environment they will enjoy, for the people they will meet. There are many grassroots soccer tournaments, but none is the MICFootball. Come and you will understand.
