Lisa A. Urry (Author) Lisa Urry is Professor of Biology and Chair of the Department of Biology at Mills College in Oakland, California, and Bachelor of Visitors at the University of California, Berkeley. After studying at Tufts University with two majors in biology and France, Lisa finished her Ph.D. in molecular biology and development at the Massachusetts Institute of Technology (MIT) in the Mit/Woods Hole Oceanographic Institute Joint Program. He has published several research papers, mostly focusing on gene expression during the development of embryos and larval in marine urchins. Lisa has taught a variety of courses, from introductory biology to developmental biology and right seminars. As part of her mission to improve understanding of evolution, Lisa also teaches a non-pelajar course called Evolution for Future Presidents and is on the Teacher Advisory Board to understand the Evolution website developed by the University of California Museum of Paleontology. Lisa is also very committed to promoting opportunities for women and minorities who are less prestigious in science.
