A Nintendo tem uma política muito rígida de como ela leva seus games para outras plataformas, de modo que se você quer curtir o Mario Bros. clássico não tem outra escolha senão usar qualquer um de seus consoles. E se ela tem isso com os próprios games da empresa, então imagine como ela gerencia o desenvolvimento de emuladores não autorizados. No momento parece que DraStic DS Emulator está for a da sua mira (veremos por quanto tempo) e podemos baixar este emulador de Nintendo DS para Android. Não ocupa muito espaço, apenas uns 15 MB, com um funcionamento muito simples: é só the games and with the emulator and load them in the corresponding folder (the games are not included, of course). of course). When games are released, the user has overlapping controls on the screen to control the games. See the following features: Image quality equal to the original. Adjust the placement and size of console screens. Compatible with external drivers such as NVIDIA Shield and Xperia Play. Save the game state and restart whenever you want. Sync saved matches with Google Drive storage. A feature that increases the emulation rate. Download DraStic now, one of the best ways to enjoy Nintendo DS games for Android. Android.
