

# PLAY STREETS

# PLAY STREETS

**Play Streets** create play spaces by temporarily closing streets to traffic so kids and neighbours can play outside – just like a street party!

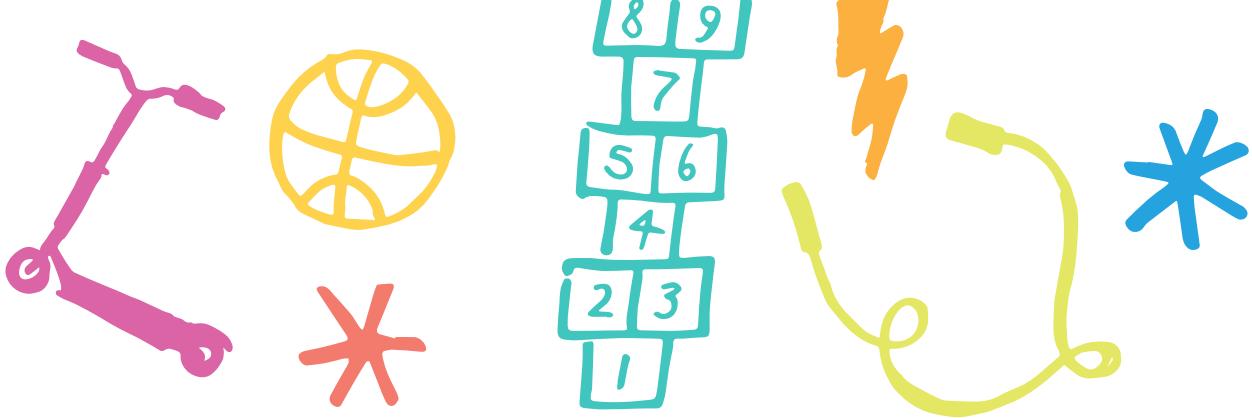

For a couple of hours on the weekend or after school, your street becomes a safer place to be active – ride bikes, draw with chalk, or kick a ball around.

It's all about making play easier and bringing it closer to home. It's a great way to increase activity and get healthier without even noticing – like sneaking veggies into dinner.

**CoDesign Studio** can help make hosting your own Play Streets easy and fun. We offer a range of support services, including training and full-scale delivery, so you can spend less time planning and more time playing.

**Parents and neighbours:** Download our free toolkit to get you started. If you need more help from us, get in touch. There's often funding available, such as through community grants, to help us work together and with your council to get Play Streets up and running.

**Councils, schools and other organisations:** We have several options to help you tailor Play Streets for your community. Read on for more details.

## HOW WE CAN HELP

Let's work together to make your street a more friendly and playful place to live with Play Streets.

### PLAY STREETS WORKSHOP

2 hours - \$500

Learn about the Play Streets fundamentals and tools for delivering a fun and engaging event in your community.

### PLAY STREETS ASSESSMENT

2 days - \$3,200

We'll come out to your council to identify the types of streets that would be suitable Play Streets and discuss how to work with your local community to get Play Streets up and running. We'll also work with you to identify and overcome roadblocks to delivery and set you up with a practical road map for you to implement your own Play Streets.

### PLAY STREETS PROGRAM

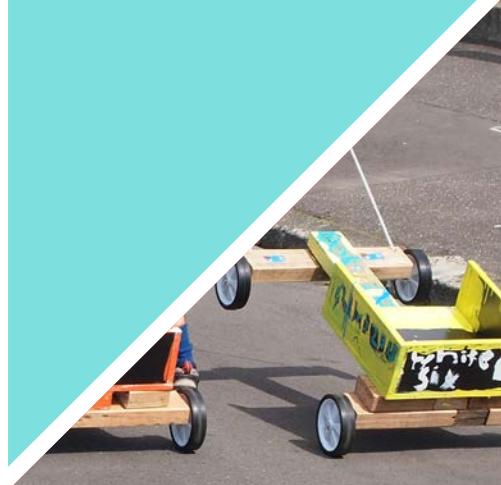

3 events - \$20,000

We'll work with your council to plan and deliver up to three Play Streets events with local communities. We'll handle promotions and photography for the program and mentor the community in event management and evaluation so you can relax, have a play, and enjoy the day.

### PLAY STREETS STRATEGY

Hourly rates apply

We've learned all the ins and outs of Play Streets so you don't have to. We'll review your internal procedures and provide recommendations to build your team's capacity to activate local streets into Play Streets.
