Cielito Bolvar GalindoDirector general co-ordination of the compilation and systematization of ThesisLic. Laura Vernica Camacho SquiasGeneral Director of DifusinDr. Lucio Cabrera AcevedoDirector of HisticosINTRODUCCINThe Poltica of the Constitution of the United States, article 17, second, states that everyone has the right to administer justice in courts that promptly deliver it in the time and time frame that establish laws, and that they make their decisions quickly, fully, impartially and free. As a whole, there is a wide range of processes that are carried out in the various courts of our pas; however, even if the person who may submit to justice, i.e. an individual, has some idea of his rights, he may not know how to defend them, or that because of the complexity of the trials, as well as the structure and functioning of the jurisdictional rananos, he prefers not to exercise them.56Suprem court of Attcina In this structure, and in accordance with the difusin work of the Jurassic culture that this Supreme Court desempies, this booklet that is dedicated to civil procedural law, presented. The guide is a short, simple and manageable work aimed at law students that is structured based on questions and answers about the basic aspects of what constitutes a civil process, claim, response to a claim, preliminary conciliation hearing, evidence, approval, exclusive form of process, resources, haste, costs and expenses, damages, special procedures and various courts that exist in this area. In addition, it includes, after all, a glossary of the yuradic words used in the text, and a bsica bibliographer for a reader interested in deepening his knowledge of the subject. that is a general approach to the matter, with only some references to the Federal Code of Civil Procedures and the Code of Civil Procedures for the Federal District, so readers should take into account the specifics that can be presented in federal legislation and in what their state. Manual of the Justiciable7Is is important to note that the purpose of the Justice Series guide is not to replace lawyers, human rights defenders or prosecutors, but to provide the reader with information available to knowledge of their rights and thus strengthen the entire culture of legality, since there is no better way to strengthen the rule of law than through the knowledge of our institutions and their functioning. CIVIL PROCESS1. What is a civil process? Litigation is all acts that, at various stages and over a period of time, carry out two or more issues between which a dispute has arisen, so that a State with jurisdictional powers applies the legal rules necessary to resolve the dispute by making a decision covered by force and training, usually referred to as a statement. However, litigation is civil, where disputes that need to be resolved are related to persons, family, marriage, divorce, guardianship, parental authority, adoption, property, rental of property, inheritance, liabilities and contracts, among other things.910Suprema Corte de Justicia de la Nacin2. Are the queens involved in the civil procedure? The civil process addresses various topics that, directly or indirectly, are covered by a character that may be public or specific, to develop a role in the process. SUBJECTS WHO CAN INTERVENE IN CIVILACTOR OR DEMANDANTEING SIDE SUBJECT TO PBLICO MINISTRY OTHER SUBJECTS THIRD-PARTY ABOGADOSORSIn these topics are parties that are individuals or morals involved in the lawsuit and who are on their own or through the representation of someone, before the court rgano decide anyManual Justice111 to ask him to give solemnity to certain legal acts, or to give providence to others. These parties: (1) Actor or plaintiff. He is the person who facilitates the judgement by making his claim, in which he claims any interest or claim against the defendant. (2) Defendant. This is a person against whom the proceedings are straightened out on the basis of the interests that the party has against him and which is contained in the statement itself. Several actors or defendants, not one from each party, may intervene in the proceedings on their own will or by law. That's because common interests among themselves in this process. Other subjects involved in the trial are: (1) Judge. It is the person appointed and empowered by the State responsible for disobedience in the process of justice. It should address and address the problem impartially by applying the law to a particular case. In the Federation's judicial system, the courts that lit up civil cases12 The Nakinson County Circuit Court of Justices in the first instance and the judges of the United District Courts, in the second instance, as was the appeal. In state and federal courts, first instance judges, judges of the peace or small and judges of the chambers of the various higher courts are aware of civil matters. (2) The Prosecutor's Office. It is an institution that depends on the executive branch, both at the federal level, in the interests of the states or the federal district, and which may appear with the nature of the party in the civil process, or in defense of the interests of the state as a representative of social interests or public interest, that is in the family disputes, minors and incapacitated , in a row, divorce and others. You can call to find out about possible crimes committed during the development of the procedure. (3) Witnesses. These are persons outside the party who give evidence in court on facts about which they have direct knowledge of what they perceived them through their feelings. These facts should be linked to the points in question during the trial and must be proved by the parties. Guide to Justice13 (4) Experts. They are experts in some matters; it was his task to help the judge or magistrate who knew the matter to understand and to make their views on some of the data provided by the parties so that they could be aware of their skills. These court aides draw up an opinion known as an expert, which is useful for resolving the issue. There are different types of knowledge such as grfico, accounting, technology, scientist, physics and technology and others. (5) Lawyers. They are legal professionals who provide advice and representation to their clients on legal matters. Their main function is to assist them in taking legal action, to protect them in court and to advise them on all kinds of negotiations. In civil proceedings, the participation of these professionals, whether individuals or advocates of their own application, is necessary in this area on the grounds that formalities can be crucial in this area and the judge cannot make up for the shortcomings, except for family matters. (6) Third parties. These are people other than parties that can intervene the trial is based on the interests that are obvious from this as they can be prejudiced by the decision to be rendered.14Suprema Corte de Justice de la Nacin3. At what stages is the civil process integrated? The various aspects presented during the process are one of the phases of the process: a) STAGE OF APPROACH OF THE PRETENSIONES (b) PROBATIVE STAGE (c) STAGE OF ALEGATOS (d) STAGE OF JUDGMENT e) STAGE OF REETAPAS OF THE CIVIL PROCESS (1) Stage of the claim approach.
