The authors provide accurate, science-based information on health topics as well as assessment activities and other tools for behavior change. The authors also provide a seven-way balance of health while simultaneously emphasizing the central role of physical fitness, nutrition, tobacco avoidance, and stress management as the key to a healthy life. Other fitness and health topics include body composition, flexibility, safety, medications, STDs, chronic diseases, and more. Comes with text as a guide resource and students on the Online Learning Center.
