# THE KEYLEX ADVANTAGE

---

Reliable mechanical access control without batteries, wiring, electronics, or traditional keys.

## KEYLESS DAILY ACCESS

Eliminate the need for users to carry, manage, or replace keys.

## NO BATTERIES OR WIRING

Eliminate battery replacement, electrical wiring, and power-related maintenance.

## EASY CODE CHANGES

Change access codes in seconds using the included change key.

## BUILT TO LAST

Commercial-grade construction for years of reliable operation.

## INDOOR & OUTDOOR

Designed for reliable operation across commercial, residential, and perimeter access applications.
